COLLAPSE ENDS PUJO HEARING

Wm. Rockefeller in Serious Condition After 12 Minutes of Investigation

Shaking and Pale, Aged Oil King Faces Relentless U. S. Prosecutors

BRUNSWICK, Ga., Feb. 7.—The government money trust inquirers came to Brunswick today to attempt to wrest from the aged William Rockefeller's lips the secrets of his financial career as the active agent of the so-called Standard Oil group of bankers.

After an examination of scarcely twelve minutes by Samuel Untermyer, counsel for the Pujos committee, Rockefeller showed signs of a larval nervous system and indications of an approaching nervous collapse. At the instance of his physician the examination was discontinued.

Representative Arsene Pujos, chairman of the House money trust committee, and Samuel Untermyer, the committee's lawyer, with a retinue of clerks, came with the direct authority of the investigating committee to hear the 72-year-old witness in his refuge, Jekyll Island.

After fleeing "squads" of subpoenaed servants for six months from New York to the islands in the Caribbean, the Standard Oil magnate, pale and almost voiceless, agreed to present himself for such examination as his physicians would allow.

His lawyer, John P. Garber, of New York, who came south yesterday was on hand to guard the financier's interests.

PROBE 'FRENZIED FINANCE'.

Three incidents in the financial career of Rockefeller were the object of the long chase that ended in today's visit to Jekyll Island. Untermyer wanted to get into the record the history of the so-called "frenzied finance" organization of the Amalgamated Copper Company in 1903, and the romance of the transaction in Amalgamated stock in 1906 and 1907, when the securities after a dizzy climb to about 120 points, dropped to 42.

Rockefeller with the late Marcus Daly, Thomas Lawson and others, organized the Amalgamated company, according to testimony already before the committee, the committee, acquiring the stock of Boston and Montana, Butte and Boston

\$50,000 Price Set On Life of Girl

Big Damage Suit Filed Following Death of San Franciscan.

SAN FRANCISCO, Feb. 7.—Placing the responsibility for the death of their talented daughter, Edna Randall, aged 19, a violinist employed at the St. German cafe, upon the shoulders of Dr. Edgar R. Bryant, with offices at 350 Post street, Carl H. Randall and his wife, Christina, filed suit against the physician today for \$50,000. The young woman died of ptomaine poisoning on January 1, and at the inquest Dr. Bryant expressed his great sorrow that he had been unable to respond to a call given him on the night prior to her passing away. Miss Randall visited friends on December 30 and took dinner with them. That night she suffered considerably and at 11 a. m. the next day Dr. Bryant was called and treated her, the complainant alleges. At 7 o'clock that night she became violently ill and between 1 and 2 a. m. on New Year's day the family tried to communicate with Dr. Bryant, and finally reaching him, it is alleged, he refused to come, saying he had a headache.

Very Little Rain in Sight, Says McAdie

Today's Cloudiness Is Fed by East Wind; Only Showers Expected.

SAN FRANCISCO, Feb. 7.—A condition of cloudiness fed by an east wind is the description of the weather given by United States District Forecaster Alexander McAdie this morning. There was a mere sprinkle of rain along the coast between 7.30 and 8.30 this morning and the possibility is that there may be a few more light showers. The weather conditions cannot be said to mean that there is a storm near at hand as today's cloudiness is caused only by a moderate disturbance. The showers may extend over the entire state, but there should be periods of sunshine and there is really not much rain in sight.

LAW DELAYS THE RINGING OF WEDDING BELLS

LILLIAN GRAHAM.

MISSING BIRTH CERTIFICATE IS OBSTRUCTION

Marriage of Chorus Girl Cannot Take Place in France

SEATTLE, Feb. 7.—Lack of a birth certificate is hindering the marriage of Lillian Graham, the former New York chorus girl, who was born at Renton, a coal mining town near here, to a Parisian, said to be wealthy, according to friends of Miss Graham, who went to the King county courthouse yesterday to search the records for the missing information.

Miss Graham, according to her friends and a local attorney who has been commissioned to conduct the investigation, is engaged to the Parisian, but the marriage cannot be performed in France, where Miss Graham is living with her sister, Mrs. Stella Singleton, former wife of a Nevada mining man, until the birth certificate is produced. Miss Graham's attorney declined to give the name of his client's fiancé.

County officials believe that no vital statistics were kept in the little mining town where Miss Graham was born and are of the opinion that unless the desired paper is obtained from the records of the Catholic church at Renton it will be necessary to rely on affidavits of pioneers of the town who were neighbors of the Graham family at the time of Lillian's birth.

Miss Graham, who was acquitted more than a year ago of shooting W. D. Stokes in New York, has not been in Renton since early childhood, and when her father, Patrick Graham, died six weeks ago he cut her off in his will with \$1, leaving the remainder of his \$2000 estate to another daughter living in Oregon.

Parcel Post Carrier Saves Babies' Lives With Wooden Leg

ULMERS, S. C., Feb. 7.—A novel adventure, incident to parcel post service involving two babies and a wooden leg, all three sent by mail, was reported here today by Edgar F. Phillips, a rural mail carrier.

While covering his route with two infants and a wooden leg among his parcels, Phillips was attacked by a wild cat. For a moment says the carrier, his live mail was in danger of being carried away.

Selecting the wooden leg as the most available weapon, however, Phillips yielded it so well that he put the wild cat to rout. All three parcels were delivered none the worse for the encounter.

ROLPH HITS POLICE AND COURTS

'I'm Going to Have Decent San Francisco or Know Why,' He Says

Answers Statement of Judge Deasy, Who Defends Bench From Attack

"I am going to have a decent San Francisco or I am going to know the reason why. So far as the existence of hoodlums in this community is concerned, if any man thinks that there are none of them and no gangs operating, all I can say is he's crazy. They have been taking girls into parks in this city and they have been committing other offenses, and if the police department can't stop it and if other men can't stop it, then we've got to get some one big enough who will stop it."—Mayor Rolph.

SAN FRANCISCO, Feb. 7.—Mayor Rolph, Chief of Police White, Judge Daniel C. Deasy and Assistant District Attorney Casabu were the chief figures in the second trial this morning of James O'Kane, a boy found guilty of attacking Daniel Kennedy and Morris Hoar early Sunday morning and leaving them lying unconscious in the street.

Francis Lee, the mayor's chauffeur, told of the assault as he had repeated the story yesterday and of going for a policeman and of the escape of a gang of eight hoodlums. George T. Suhr, the undertaker of 1385 Dolores street, said that he had picked up Kennedy's baby and afterward had seen the gang kicking the two prostrate men.

ADHERES TO JUDGMENT.

At the conclusion of the evidence the court said: "I must adhere to my judgment of the other day and allow it to stand. These boys have not been connected with the case, except O'Kane, and there is some evidence to the effect that he may have acted in self-defense."

Judge Deasy continued: "So far as the criticism of the court is concerned, it seems as though the mayor, as executive officer, has the right to step in anywhere he sees fit. I feel that the mayor has listened to the case."

GIRL'S LIFE SAVED BY PHONE

Pretty Miss Drops Unconscious From Poison While Talking on Wire

Operator Hears Crash and Rushes to Assistance of Would-Be Suicide

SAN FRANCISCO, Feb. 7.—While telephoning to an unidentified man, at 4.30 this morning from her rooms in the fashionable San Maurice apartments 801 Sutter street, Miss Betty Hill, a 19-year-old girl, dropped unconscious to the floor having swallowed a quantity of poison. But for the fact that the crash of the telephone's receiver as it dropped from her hand was heard by the night clerk and operator Ocean Redman, she might now be occupying a slab at the morgue instead of having a fair chance of recovery.

The young woman, who evidently comes of a good family and whose relatives are believed to be wealthy people, was registered at the St. Francis Hotel up to January 14, when she moved to the San Maurice. It is not the custom of the management of that exclusive house to receive unattended and unchaperoned young women as guests. She explained, however, that she was expecting her brother within two days and that he was going to occupy the apartment with her. On those conditions she was allowed to remain and she picked out one of the best furnished suites. Very little was known about her and it is believed that she had no callers.

REMAINS ON LINE.

This morning Redman was somewhat startled to have a telephone call at her room at an early hour. This accounted for his remaining on the line and hearing the banging of the receiver. He communicated with the manager immediately and asked for instructions. He was told to go immediately to the apartment and he burst in to find Miss Hill unconscious. She had swallowed a quantity of bichloride of mercury tablets. An ambulance was summoned and she was conveyed to the Central Emergency Hospital. There, after being revived

'SLAIN' JOHNSON GIRL ON STAND

MURDER STORY IS SET AT REST

ETHEL GRANT (UPPER), WHO IS THE MYTHICAL HELEN JOHNSON, AND MRS. GLADYS WALLACE.

GRAND JURY IN MIDST OF INQUIRY

Alleged Mysteries Are Flouted by Appearance of 'Victims'

Gossip, rumors and weird whispers that have stalked about, and in and out of Alameda county, about the supposed murder of Helen Johnson in Tony Bernal's saloon at Sunol, in 1908, were subject for an investigation today before the grand jury this morning. By far the most important feature thereof was the appearance in flesh of the mythical Helen in the person of Miss Ethel Grant. Ethel Grant was never Helen Johnson, even when she lived at Pleasanton, but states that she is the prototype from the imaginary Helen Johnson came into being, and that her true name is Ethel Farmer.

In spite of those startling developments, all of which became public property before Ethel Grant was summoned before the grand jury, Mrs. Mary Amador, the first witness called, held stoutly to her oft-repeated allegations that on the death of her husband, Narcisse Amador, confessed that he had been implicated in doing away with a girl whose name was Helen Johnson.

HAD NEVER SEEN HER.

Mrs. Amador, however, maintained this morning before the jury that she had no personal knowledge of any such person, and had never seen Helen Johnson. She stated and reiterated on cross-examination before the inquirers, that her whole knowledge of the affair was gained from her husband, and that only on his deathbed, the appearance of Ethel Grant in person, consequently, did not confound her at all.

Rebels Ethel Grant and Mrs. Amador, the witness list summoned to testify at this investigation is a long one and includes everybody that was known by the

Boots and Snively Declare Men Were Seen Running Near Scene of Murder

That C. Casquale and Lugi Scalzo, held in the Richmond city prison as suspects in the murder of Bert Blanchard, the deputy game warden, were not the men they met with Blanchard in the hills near Stege, Sunday morning was the statement made today by D. R. Boots and H. N. Shively.

Shively, who is a geologist of 3733 Randolph avenue, this city, and Boots, a Southern Pacific civil engineer, declare, however, that the two men are those whom they saw running excitedly through the hills Sunday near the scene of the murder.

Chief of Police Arnold states it as his belief that these men are undoubtedly innocent, but have positive knowledge of who committed the murder.

HOPES FOR STATEMENT.

"I hope to get a statement from them regarding this, some time today," said Arnold this morning.

Shively and Boots came across Blanchard in the hills Sunday, leading two men, each of whom carried a shot gun. The game warden showed them two dead robins which he said he had taken away from his prisoners and which he was going to hold as evidence.

The attempt at identification followed a dramatic scene in the Richmond morgue when the accused men were confronted with the body of

Ex-President Castro To Linger in Jail

Venezuelan's Stay in New York to Be Lengthy on Account of Appeal.

NEW YORK, Feb. 7.—No matter what decision the federal district court makes in the case of Cipriano Castro, ex-President of Venezuela, seeking to enter this country, Castro will remain either in New York or at Ellis Island for some time, "possibly as long as a year," according to Harold Contant, his lawyer. If the Venezuelan loses his fight to have sustained the writ of *habeas corpus* admitting him to bail, an immediate appeal will be taken, the lawyer said today. If the government loses, its attorneys will appeal.

YOUNG REPSOLD MAY HAVE TAKEN OWN LIFE

Warden Hoyle Declares Fugitive Drowned Himself

SAN FRANCISCO, Feb. 7.—Herbert Repsold, the "perfumed burglar," will be buried in the family plot here, after the body has been cremated. It was found in Greenbrae marsh, two miles from the prison, yesterday afternoon, 25 days after Repsold escaped from San Quentin prison, where he had served two years of a 15-year sentence.

None of the family is now living in this country. Repsold's share of the estate of his father, a prosperous wine merchant, will go by succession to a sister now living in Germany.

WARDEN BELIEVES SUICIDE.

Hidden in the slime of the Greenbrae marshes, two miles from San Quentin penitentiary, two hunters, nosing through the tules in a punt, uncovered the body of Repsold. Warden Hoyle believes he committed suicide—deliberately walked into the cold water to drown the same night he fled.

It was not even away the race, but there was no doubt of the identification.

PAST FIFTY? YOU NEED 'CASCARETS'

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But the bowels must be kept active. The bowels of the old need a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

DARING BURGLAR SECURES \$1100

Robber With Jimmy and Iron Bar Visits Homes in the Richmond District.

SAN FRANCISCO, Feb. 7.—The Richmond district was again invaded last night by a daring burglar. Unlike the operator who terrorized that section of the city two months ago, the method of the robber was more in the nature of regular house breaking. He disdained second story work and operated exclusively with the aid of a Jimmy.

The first residence visited was that of W. B. Jacoby, manager of the United San Woodworking Machine Company, 30 B street. An attempt was made to insert the Jimmy in the door but the oak panel would not budge. The burglar smashed the plate glass on the side door. He obtained jewelry to the value of \$300.

A little bar of iron stood him in good stead at the home of W. C. Petach, 199 Twelfth avenue. There \$500 in valuables were taken and the method of the burglar was more in the nature of regular house breaking. He disdained second story work and operated exclusively with the aid of a Jimmy.

The residence of D. B. Crawford, 4505 California street, was broken into and \$100 in cash was taken.

The next stopping place was the home of L. M. Bruce, 30 Park avenue, in the fashionable Jordan tract. The fact that the burglar had been in the neighborhood prevented the obtaining of much loot there, but \$50 in jewelry was found.

In each instance the mark on the door indicates that the same Jimmy did the work.

district attorney to have any knowledge of the affairs in the eastern part of the county. Next in importance to Ethel Grant's grand jury was the friend of Ethel Grant, who is the friend of Ethel Grant, and with her lived in Pleasanton during the periods involved in the case.

KNOWLEDGE OF KLEIN. Mrs. Wallace is supposed to have knowledge of a man named Klein who is wanted for the murder of William Winslow, a hermit rancher who was killed at his cabin near Sunol in June, 1909. Klein disappeared, but several efforts have since been made, notably by a private detective named J. B. Mauley of San Francisco, to fasten Klein's identity upon Richard Charles Rudge, a marine employed at the Mare Island navy yard.

The most recent effort to do this resulted in the arrest of Rudge at Vallejo, and the revamping of the whole mystery. The attempt to identify Rudge as Klein failed utterly, and now Rudge has been summoned as one of many witnesses to appear before the grand jury.

Mrs. Wallace met Miss Grant at the sheriff's office this morning and the two women proved their former friendship by chatting in a most lively manner, going over the details of the whole story in which they figured so prominently. "I'm the woman that is supposed to be dead," said Ethel Grant in a lively manner. "I'm supposed to be buried under six feet of ground out at Pleasanton. But you can see that I am very much alive." "And I am the woman who is supposed to have helped bury you," broke in Mrs. Wallace. "And together we are supposed to have cashed a draft for \$1500. It makes me mad every time I think of the money which we are supposed to have gotten, and spent, and to realize that we had nothing."

HOSTILE TO MRS. AMADOR. Both of these women expressed themselves as very hostile to Mrs. Amador, whose story about the deathbed confession of her husband has resulted in their notoriety.

Other witnesses summoned to appear are Miss Aileen Amador, daughter of Mrs. Amador; Lee Graves, A. C. Garcia, Jose Sandoza and Mrs. Albert Andrews, all of Sunol; Constable Leland of Pleasanton; Tony Bernal, Pleasanton; Dr. Gardiner, veterinary surgeon, of Pleasanton, who is alleged to have treated the mythical Helen Johnson before her death; J. B. Mauley, detective, Sheriff Frank Barnett, Judge W. H. Donahue, George Wilber, James P. Montgomery and Chris Runkle, a newspaperman from Pleasanton.

KNOWLAND WORKS FOR FREE TOLLS

Has Read Into Record Arguments Against Repeal of Free Clause.

WASHINGTON, Feb. 7.—After a brief session today the senate committee on inter-oceanic canals decided to take no action on the Root amendment for the repeal of the free passage provision of the Panama canal act until after Senator Root had made his report.

While the advocates of the Root amendment do not count upon securing enough votes in the committee to report it favorably, the proposal probably will come before the senate either through a minority report or upon the demand of some senator to work.

The no-toll provision passed the senate by a large majority. Unless a number of Democrats change their position the passage of the Root amendment does not appear probable.

Senator Knowland, an advocate of the no-toll provision, introduced yesterday a joint resolution and bill defining the attitude of the United States as to foreign shipping. He would establish the principle that the tolls remitted to American vessels shall not be charged against foreign ships to pay the cost of operation of the canal. Under the Newlands bill the cost of canal operation charged to foreign shipping would be proportionate to the amount of foreign tonnage passing through the waterway.

Representative Knowland yesterday had read into the Congressional Record a number of arguments against repealing the free toll clause of the Panama canal law.

Those arguments comprise planks from the Democratic and Progressive platforms declaring for free tolls, and a statement made by Theodore Roosevelt when he was President, in which Roosevelt declared that free tolls for American coastwise vessels is right, and that the principal objection to free tolls are interests backed by the Canadian railways.

A large number of resolutions from commercial organizations in every section of the country declaring for free tolls and demanding that there be no change in the canal law sent to Knowland, were also read into the Record. Taken geographically, these resolutions plainly show that public sentiment generally throughout the country favors free tolls.

REPSOLD VICTIM OF TELEPHONE CRASH SUICIDE, INSISTS WARDEN SAVES GIRL'S LIFE

The Operator Hears Noise and Rushes to Assistance of Would-be Suicide.

Hoyle Declares the Desperate Fugitive Leaped to His Death in Bay.

Criminal Career of "Perfumed Burglar" Began While He Was Boy.

(Continued From Page 1.)

Repsold dashed into the night on the spur of the moment, without hat or coat, although there was snow on the fields and the wind was piercing cold. The body wore no coat or hat and the trousers and underwear were prison garb. No other prisoner is missing. And on the breast were the six petaled flower, the butterfly and the nude female figure that the tattooer's needles had worked into the flesh.

Guessing the truth, the gunners brought the body to San Quentin, where their surmises were verified. Repsold was serving fifteen years for burglary. Conviction came to him in Sacramento, although numerous other jobs were attributed to him in Oakland. His work was recognizable for its dash and precision and by the odor of "Caprice" perfume he left behind him. Even his burglars tools were found fragrant after he had been caught. In the prison desk where he worked were found vials of perfume, bought at the prison barber shop, after his escape.

GOES WRONG EARLY. Born of good family, Repsold went wrong early. He was only 19 years old when committed. When he came of age he inherited \$15,000 as his share of the estate of his father, a prosperous wine merchant and by the prison Repsold's intelligence and amenability to discipline brought him the privilege of a trusty. Thereby hangs the tale of his escape.

As a trusty Repsold was put to work on the prison books. He hooked up a close friendship with R. E. Pullman, serving five years for forgery and employed as bookkeeper over Repsold. The two manipulated the books for small amounts. They transferred \$24 from the account of a dead man to the account of a living prisoner working in the commissary, who could reciprocate by smuggling them unusual delicacies.

Pullman was paroled before the jiggery was discovered. On the night Repsold escaped from the prison, Pullman was under consideration, with eight others. By one of those whispered hints that float through prison corridors Repsold knew it.

The directors had met in the little square stone building immediately outside the prison gate. Repsold was in the front office. Behind him lay a darkened corridor, opening into a darkened ante-room, communicating with the board room in which sat the directors. The communicating door was locked.

LISTENS AT KEYHOLE. With nerves on edge, Repsold tiptoed down the dark corridor, into the little ante-room, and laid his ear to the keyhole. He heard that his petty plot had been discovered, that Pullman was to be brought back to serve his full time, and that he, Repsold, must lose his credits, serve his full sentence and work inside in the jute mill, not on the books, as a trusty.

His plans were ready-made, but the needed incentive was furnished in that sharp moment of discovery. As quietly as he had come, Repsold stole down the corridor again, around the corner of the outer door into the night, to the basement of the building. He knew where the electric light switch controlling the whole prison lay.

Up came a cellar window. Repsold pulled the two plugs that united the circuits and plunged the whole prison into darkness. Lightly he vaulted out against the door, and above were tumbling with matches, and ran for the bay shore. They found the two plugs on the slope afterward.

Thus far, piecing fact with fact, Warden Hoyle's head went back into Repsold's mind. Beyond that there is no light to lead. Did Repsold try to swim the bay to Richmond, where lived Margaret Raab, his sweetheart? It seems incredible.

Did he wander and stumble into the marshes, half numbed with cold? It seems possible, but not likely in the case of a man resolutely bent on escape with the prison but two miles behind him.

WAS IT SUICIDE? Warden Hoyle has believed so from the first. Despair and foreknowledge hastened Repsold into flight. But outside the fields were in snow and the freezing water of the bay was no bath for a man enfeebled by disease. Realization of his plight must have sunk into the fugitive's consciousness with the cold. He had depended on other convicts. Sometimes he had mentioned suicide.

No confederates were there to aid him. There was no boat on the shore or automobile on the road. He had fled on the spur of the moment. On the Marin hills above the guards were already afield. What more natural than that despair should have penetrated to the marrow of a sensitive, impulsive nature, daring to never strong to resist any temptation? So, at least, reasons Warden Hoyle.

From the fire the warden argued that Repsold had never left Marin county and he was right. The silence of the bay laid him by the feet, as the silence of life had mired him at his boldest.

Fears Blood-Poisoning From Bite of a Girl

SAN DIEGO, Feb. 7.—Bitten on the arm by a screaming, struggling girl of 19 years, Patrolman W. Holcomb of the police department is under the care of a physician today, who is making every effort to avoid amputation as the result of blood poisoning. The girl is Miss Florence Patterson, who with two men and another girl was arrested by Holcomb January 23 for disorderly conduct. Holcomb paid no attention to the bit until yesterday, when a preliminary operation was found necessary.

(Continued From Page 1)

the first words she said were, "Somebody lied."

A few moments later she told the nurse that she wished she had destroyed certain letters in her room. When an attempt was made to interview her, however, she refused to speak, saying that she preferred not to tell anything about herself.

BROTHER FAILS TO ARRIVE. At the apartment house it was learned that her brother did not arrive as she expected and that she had been allowed to remain, when she explained that he had been detained by an unexpected trip which he was required to make. After she was taken to the hospital her brother's address was found in her room and a telegram sent to him at Phoenix, Arizona. A letter addressed to Miss May Moore, said to be a close friend of the girl, may contain an explanation of her evidently attempted suicide.

"I think it was the non-arrival of her brother and the lack of money which led her to try to kill herself," said the manager. "I can offer no other explanation. She seemed a quiet girl and certainly looked to be a person of refinement."

NOTE NOT RECEIVED. Miss May Moore, who is the daughter of the manager of the Riverside Apartments, had not received the note addressed to her but told what she knew of Miss Hill.

"She seemed a very nice girl," she said and I have called upon her a couple of times. Her brother Ray, who lives at Phoenix, Arizona, is the only relative she talks about. She told me that her mother died two years ago in Los Angeles and left her some money. She has been living on this and came to the St. Francis on a trip. Then she decided to stay and moved to the San Maurice.

"She told me she had a 'falling out' with her brother. I think that she had gone through all her money and that she was in debt and that is what worried her. She told me that yesterday she was going to try and see if she couldn't get some work to do."

GIRL TRIES SUICIDE. Despondency through illness and because of lack of employment, led Josephine Antior, a pretty girl of 20, to take a quantity of lysol in a fourth attempt to end her life at 3 o'clock this morning.

The girl was taken to the Emergency Hospital from her apartment, 1158 Sutter street, where the night clerk in the hotel was attracted by her screams. She explained to the hospital attendants that she had been ill and wanted to end it all. She admitted that she had tried to kill herself three times before.

Blanchard, Scalzo crumpled up in a faint when the mangled head of the corpse was disclosed and Casquale covered his eyes with his hands.

Casquale and Scalzo were arrested last evening by Sergeants Charles Walker and I. N. Ruiz in the hills back of Stege. They lived in a cabin and here two shot guns, both 16 gauge, were found. The same kind of weapon was used to end the life of the game warden.

Casquale's head was badly scratched and bore evidence of a scuffle. When questioned by City Treasurer Bonzani, who acted as interpreter for Chief of Police Arnold, the man said that he had fallen off a street car near Oakland and had been taken to a hospital for treatment.

SHOOT AT TARGET. Shively told the police that when he met Blanchard and his prisoners, one of the two latter asked if he might shoot at a target which Shively and Boots had placed on a fence. After taking aim and firing the man remarked in broken English that his aim was good. Shively said when the trio left Blanchard was leading the way and the two prisoners following each with his own weapon in his possession.

About twenty minutes later, Boots and Shively said, they heard a shot from the direction from which Blanchard and his prisoners had gone. Believing that one of the three had taken a shot at a bird or some mark, they paid no heed and did not investigate. A little later they saw two men running through the hills.

Chief of Police Arnold and Sheriff R. R. Reale yesterday extracted some of the shot from the fence on which the target was posted. This will be used as evidence.

PROMISES TO KEEP AWAY FROM SALOON

Peter Pawlosak, financial secretary of the Sheet Metal Workers' Union, was placed on probation this morning after being reprimanded by Judge Mortimer Smith. Pawlosak, who had pleaded guilty to a misdemeanor charge of having embezzled union funds, promised to keep away from saloons. The officials of the union stated that work would be found for him and that he would be given a chance to return the money.

SAFECRACKERS OBTAIN \$100 AND GOLD WATCH

SAN FRANCISCO, Feb. 7.—Crackmen entered the grocery of Herman Mohm, 1211 Buchanan street, during the night and drilled the safe. They had considerable difficulty in opening the doors, but finally obtained \$100 in cash and a gold watch, the property of Joseph Kola, who lives at the Hotel Oakland. There were also taken several checks made out in sums totaling \$300.

I'LL HAVE CLEAN CITY, SAYS ROLPH

Mayor Declares the Police Must Clear Out Gangs of Hoodlums.

(Continued From Page 1)

and must be satisfied that things were conducted as they should be. All of our local courts are under fire, and the police courts of San Francisco especially so. Much of the criticism is without foundation."

MAYOR ROLPH REPLES.

Mayor Rolph then arose and made a formal speech of great length in which he asserted that hands of hoodlums were rampant and that every Monday night he received complaints of them. "Now, if your honor please," he said in part, "I have no criticism to make and nothing to say. You have made your decision and I am not going to talk about these boys as individuals at all. The peace of this city must be maintained, and so far as hoodlums are concerned, any man who thinks that there are not gangs, all that I can say is that he is crazy. Why, every Monday night I hear complaints. They are taking young girls into parks in this city and they are committing other offenses. If the police department can't stop it, we've got to get some one who can do the work. One of these defendants was arrested before. Do you mean to tell me that he is an angel and that things will melt in his mouth?"

"DEUCE" IN POOLROOMS.

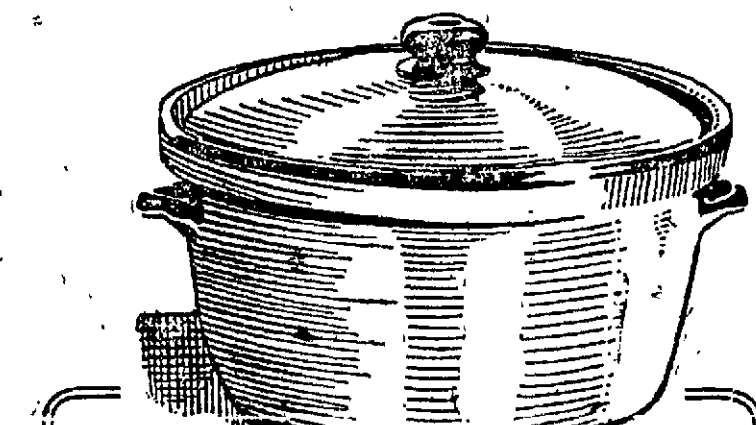

"Look at the poolrooms. The hoodlums are raising all kinds of deuce in there and when a policeman goes in they laugh at him. If the officer strikes a man when trouble brews they bring him up before the commissioners. They call it an outrage. "I want to say, your honor, that I'm sorry this has happened in your court. You are a man that has a fine reputation in this city and when I was here yesterday I saw you did not clearly know the case. They said there are no gangs of toughs. Why, there are lots of women, decent women and decent men, complaining to me every Monday night and I'm going to do something."

"I'm going to have a decent San Francisco or I'm going to know the reason why."

and other copper-producing companies which were later sold to the new concern at a big increase in price. Untermyer wanted the details of this deal from the Standard Oil magnate himself.

HOLD BACK PRODUCTION.

Other testimony before the committee showed that in 1907 the United Metals Selling Company, controlled by Rockefeller and Rogers, which handled for the producers about 6 per cent of the country's production, held back the bulk of the product for sale, maintaining the price of the metal at 25 cents a pound. Meantime, on the stock exchange, dealings in Amalgamated were active at high prices. In October the metal was released, the price dropped to 13 cents and Amalgamated stock in a falling market dropped to 42. The relation was the "corner" of the United Metals Selling Company and the vigorous campaign in Amalgamated stock is what Untermyer wanted to get from Rockefeller.

COLLAPSE COMES SOON.

With Representative Pujo sitting as chairman the examination began with Rockefeller seemingly in good physical condition but after a few questions he gasped and his throat seemed to close and his voice trailed off into a choked whisper. With a bound Dr. Chappell was at his side and the examination was stopped. Dr. Chappell was sworn and testified that his patient was unable to proceed. Pujo later gave out the following statement: "Mr. Rockefeller's condition is simply pitiable. He not only shakes like a leaf all over, but after the first question he began to cough convulsively and it was evident that he was laboring under great excitement and on the verge of collapse. "He had to stop for a few moments. The words he spoke into the ear of the stenographer, who sat beside him. This he did with the greatest difficulty. Such a thing as an examination would be impossible. As soon as Dr. Chappell intervened and requested that the hearing proceed no further Mr. Untermyer and I felt that it would be dangerous and inhuman to go on."

LOCKWOOD AFFAIR TO BE HELD TONIGHT

MELROSE, Feb. 7.—The entertainment arranged by the pupils of the Lockwood school in aid of the school fund is to be given in the Melrose theater tonight.

A bright and attractive program has been got up by the boys and should prove a big attraction. The Lockwood male quartet is to contribute songs, while the school band will discuss selections. The promoters of the concert have also enlisted the help of vocalists from the surrounding district. Moving pictures will be a feature of the affair.

FABIOLA HOSPITAL REPORT SHOWS GREAT INCREASE

Successful Year Recorded in Figures Prepared by Directors of Association

The directors of the Fabiola Hospital, Association have submitted their thirty-fifth annual report, as follows:

In all departments of the hospital an increase of work was a marked feature of 1912. There were 1785 patients admitted to the hospital in 1912, 331 in excess of the previous year, and equivalent to 22,748 days' care. There were 186 outside patients treated, making a total of 1971 cared for in the hospital during the year. At times the list of daily patients numbered 85, but the average per day was 42. There were 91 absolutely free patients, equivalent to \$5108.75; and 86 patients at reduced rates, representing a value of \$1172.85. In other words, there were 1422 days' care given to free patients, and \$59 days' care given to patients at reduced rates. The training school for nurses averaged 53 pupils during the year. Of this number nine graduated. During the year 2348 baths, with treatment, were given in the women's department, and 1253 in the men's department. The board of directors held nine general meetings for all members, seven meetings for the directors. Reports in condensed form from every department of the hospital are read at all general meetings. Two members of the association have died—Mrs. W. S. Baxter and Mrs. George F. Newton. MANY DONATIONS. The following list is of donations for 1912: The T. L. Barker estate, a bequest, \$500; David Heves, for furnishing a room in memory of Rev. and Susan G. T. Abbott, \$500; Mrs. D. E. Easterbrook, for surgical apparatus, \$100; Mrs. E. M. Abbott, \$100; C. Tait, \$120; Mrs. John Yule, royalty on publication, \$227.32; Barlett Deo estate, \$172.50; Mrs. L. L. Requa, \$90.55; George W. Dornin, \$20; Runge sale in May, 1912, \$125.80; Ladies' Aid Society of Presbyterian Church, \$10; Dr. A. S. Larky, \$100; Mrs. D. E. Easterbrook, painting hospital, \$162; Mrs. Butters' estate through kindness of Mrs. Bray, David Butters and Henry Butters Jr., \$250; November rummage sale, \$353; Dr. A. L. Cunningham, \$32; Mrs. Thomas Crellin, \$25; E. A. Whitaker, \$25; Mrs. William R. Childs, \$20. According to custom, Fabiola held two rummage sales, in May and November. The buildings, as far as is possible, are kept in good condition, modernized, and supplied with the latest equipment of medical and surgical science. DEPARTMENT HEADS. The hospital is greatly aided in every department by hospital work by heads of departments, as follows: Dr. Hester M. Sutherland, resident physician. Mrs. E. G. Dockery, pharmacist. Miss J. E. Jessen, superintendent of nurses. Miss J. Verleger, assistant superintendent of nurses. Mrs. L. Lehman, superintendent of operating rooms. Miss Franc Eaton, dietitian. Miss M. L. Robson, night superintendent of operating rooms. Dr. L. L. Kilgore, bacteriologist. Miss R. Gramer, matron. Mrs. L. P. Parrell, bookkeeper. Chester T. Malcolm, engineer.

TURKEY TROT WITH SMALLPOX CASE

Policemen and Negro Play Ring-Around-Rosy; Big Crowd Watches.

Three patrolmen played ring-around-a-rosy with Garfield Clark, a negro, when the man was pointed out to them by Dr. N. K. Foster at Sixth and Broadway as a smallpox patient. The patrolmen wanted to keep the negro from getting away, but had no desire to place their hands upon him to detain him in any way. Clark had been rooming at a house near Sixth and Broadway and was seen by Dr. Foster. Dr. Foster sought a patrolman and found Patrolman Thornbury. "Detain that man while I call the health officer," said Dr. Foster, and disappeared in search of a telephone. "Stand a still," shouted Thornbury. "You've got smallpox."

Clark started to walk away. Thornbury blew his whistle and in the meanwhile danced a turkey trot around the negro at a safe distance of about ten feet, warning passersby to avoid the man. Thornbury was joined by Patrolmen Van Houtte and Wilson. The trio continued to dance frantically around their captive until the arrival of John H. Mellon from the board of health. Clark was removed to the pest house. A large and interested crowd watched the gay dance at a safe distance.

DEMOCRATS WILL HOLD BIG DINNER

The Democrats of Alameda county are already laying their plans for a big jollification banquet in this city on the evening of March 4 to celebrate the inauguration of Woodrow Wilson and the coming of a Democratic administration. The dinner will probably be held at the Key Route Inn under the auspices of the Jefferson club. The speakers to be invited are James D. Phelan, Theodore Bell and J. C. Davis, chairman of the state central committee. The event will be a sort of harmony feast for the purpose of solidifying the Democrats in this county and preparing the way for a local campaign at the next city or county election. The committee which is handling the affair is J. C. DOWNEY, J. H. CROGAN, L. E. WESTRICH, W. D. BUNKER, J. J. McDONALD, A. W. DEAN and WILLIAM J. HARGES. All Democratic leaders in the state and members of the assembly and senate will be invited.

DENY STORY OF BULGARS' LOSSES

Staff Asserts That Turks Were Badly Defeated Yesterday.

LONDON, Feb. 7.—The war reports thus far received here are viewed with considerable skepticism, since it is well understood that they merely reflect the views which the respective army headquarters desire to spread. Yesterday's report from Constantinople of losses inflicted by the Turkish fleet on the Bulgarian army advancing through the peninsula of Gallipoli, was today declared unfounded by the Bulgarian war office at Sofia. The Bulgarian staff asserts also that an Ottoman force which attempted yesterday to advance from Tebatnia in the direction of Izzeddin, was quickly repulsed by the Bulgarian troops after suffering heavy loss. The bombardment of Adrianople continues without any appreciable advantage to either side.

REVIVE ROMANIAN CLAIMS.

BUCHAREST, Roumania, Feb. 7.—The Roumanian government today instructed its minister to Bulgaria to arrange a resumption of the negotiations between the two countries in regard to the Roumanian territorial claims. The Roumanian minister will urge on Bulgaria the necessity of bringing the matter to a speedy conclusion.

GREEKS MAY USE DETROIT.

NEW YORK, Feb. 7.—The cruiser Detroit, recently discarded by the United States Navy, may see service under the Greek flag in the war against Turkey, according to reports published here today that the Greek government is negotiating purchase of the cruiser. Ship brokers here recently bought the Detroit for \$22,000 when, stripped of armament, it was sold to auction. Recently it was sold to parties in Philadelphia and removed from the New York Navyyard to Philadelphia, where it now is. If the

RICHMOND CONTRACTOR IS SUED FOR WAGES

RICHMOND, Feb. 7.—Attorney Horner has brought suit against Arthur Hartman, a contractor, for the recovery of \$300 in wages alleged to be due eight of his employees for work done in the laying of sidewalk in the Grand View Terrace addition. Hartman's bank account was attached yesterday afternoon and it does not satisfy the demand of the men for their wages. The attorney for the laborers says he will invoke the new law which allows the imprisonment of the defendant who fails to pay employees wages which are past due. The suit was filed yesterday in Justice of the Peace Court and the hearing will come up next Monday.

DAIRYKEEPERS ARRESTED.
MELROSE, Feb. 7.—Two dairy keepers of Melrose, L. C. Remmel, Lincoln avenue, and Van Davis of Fifty-eighth avenue, were arrested by the Melrose police on a charge of violating the health ordinance by keeping hogs within the city limits.

RICHMOND NOTES

RICHMOND, Feb. 7.—Allen C. Rush, who is heading a project to build a \$35,000,000 bridge across San Francisco bay from Oakland to San Francisco, is in the city today and in company with D. Knowles is taking a look at Richmond's factories and waterfront. Rush held an enthusiastic meeting at Berkeley this week, at which Secretary Knowles was present, in the interest of the proposed harbor there, and is doing all he can to boost the harbor project of Oakland, Berkeley and Richmond with numerous congressmen he is acquainted with at Washington.

The women of the aid society of the San Pablo Baptist church met this afternoon at the home of Mrs. Eilers.

The Fraternal Aid Society of Women here is to give a social dance the evening of February 11 in celebration of St. Valentine's day and their own growing success as an organization. The dance is to be at the A. O. U. W. hall and an admission of 50 cents is to be charged "for the good of the order."

Louis Zuband and Firma Rusconi, both of Richmond, and aged respectively 32 and 22, were granted a marriage licence at Martinez yesterday.

D. Johnson, assemblyman from the county, returned last night from Sacramento and is greeting his many friends today. Johnson is on a number of important committees, has several bills in and is working with Senator Owens for the passage of the state manual school location at Richmond. He will visit all parts of the county during the legislative recess.

It will be a big and successful masquerade ball which the Hermann Sons lodge will give on February 15. Final details for it were arranged at the meeting of the order last night. None but those in both costume and mask are to be allowed on the floor the first half of the evening.

The fire companies of Richmond are to hold their grand annual ball and social banquet on the evening of Saturday, March 1.

The pastors and augmented choirs of the churches will take part in sacred and patriotic exercises, the singing and discourses being arranged to suit the occasion.

HAYWARD POLICE HAVE NEW GLEW

Suspects in Dynamiting Case
Released; Ramage on Trail
of Supposed Yeggmen.

HAYWARD, Feb. 7.—Three suspects arrested by Contable Ramage in connection with the dynamiting of the safe in the office of the Western Pacific station have been released, as they have been able to give a satisfactory account of their movements.

The authorities, who are on the hunt for the safe-crackers, think they have secured an important clew from the description of two suspicious characters who were noticed hanging around the Western Pacific and Southern Pacific stations Tuesday night, and whose appearance tallies with the description of yeggmen who obtained a large sum of money by breaking into a safe in Redwood City last November. Citizens living near the station, who saw the two men, have furnished the authorities with particulars of their movements and general appearance.

Bloodhounds were put on the trail of the robbers, but after following it for a short distance the dogs lost the scent. It is thought that the yeggmen, after breaking open the safe, made off in an automobile, as marks of the wheels were found running past the door of the station. This theory is strengthened by the fact that the men took away with them the heavy sled hammer and the crowbar which they used to effect an entrance. Officers are working on the clue given by citizens of the description of the suspicious men seen loitering around the station, on the supposition that they are the same yeggmen who were successful in safe-cracking in San Mateo county.

CHRISTIAN ENDEAVOR ACTIVE AT RICHMOND

RICHMOND, Feb. 7.—The young folks of the Christian Endeavor Society of the Presbyterian church met at the church and organized by electing the following officers: President, Bonadina Claver; vice-president, Alice Cook; treasurer, Agreeta Claver; secretary, Wilmye Blackman; lookout committee, Margaret Brandt (chairman), Edward Pogue and Georgina McMullin; prayer committee, Alice Cook, Charles Brandt, Delaine Towler; social committee, Helen McIntyre, Ammet Kite, Karmel Wilson; guards, Herbert Brandt, Robert McMullin, Ben Mulderry, Kenneth Wilbro. The Junior Endeavorers will meet at 4 o'clock every Thursday evening. These Christian workers are accomplishing much good and taking a lively interest in the work.

HAIR STOPS FALLING; DANDRUFF DISAPPEARS; 25-CENT 'DANDERINE'

Save Your Hair! Beautify It! Invigorate Your Scalp! "Danderine" Grows Hair. And We Can Prove It.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

DISSOLUTION PLAN FOR RAILROADS ANNOUNCED

Union Pacific Makes Absolute Purchase of Central Road

FOLLOWING are the terms of the dissolution of the Southern Pacific merger as approved by the attorney-general of the United States:

Union Pacific pays Southern Pacific \$104,189,941 for Central Pacific.
Union Pacific to sell its \$126,650,000 of Southern Pacific stock to stockholders of Union Pacific and Southern Pacific, barring stockholders of Oregon Short Line.
Central Pacific to be operated by separate management in California.
California Railroad Commission to approve agreement for track-age and running rights in this state.

S. P. DISSOLUTION CASE.

WASHINGTON, Feb. 7.—Attorney General Wickersham said today that while he should make no official statement about the announced plans for the dissolution of the Union Pacific-Southern Pacific merger until he received the official draft, he believed it would meet his approval.

NEW YORK, Feb. 7.—Plans for the dissolution of the Union Pacific Railroad Company and the Southern Pacific Company, as decreed by the United States Supreme Court, officially were announced in detail last night, after a protracted session of the directors of the two companies. The terms announced in a statement issued jointly by the roads to have the approval of the department of justice at Washington and the agreement now awaits confirmation of the court in the federal district where the action was originally taken, and by the railroad commission of the state of California. In accordance with recent intimations, the severance of Union Pacific and Southern Pacific which has been the bone of contention between the two principal roads of the Harriman system.

S. P. STOCK TO BE SOLD.

The agreement also provides for the sale of all the Southern Pacific stock held by Union Pacific at 88 5/8 per cent with accrued dividend to the stockholders, common and preferred, of the Union and Southern Pacific, other than the Union Pacific and Oregon Short Line. It is understood that a syndicate has been formed under the leadership of Kuhn, Loeb & Company and their foreign connections to finance the sale of Union Pacific's holdings of Southern Pacific, amounting to \$126,650,000.

ISSUE STATEMENT.

The official statement, issued jointly by Union Pacific and Southern Pacific, follows: The board of directors of Union Pacific and Southern Pacific Railroad companies have approved plans which have been under consideration by special committees for several weeks and which have been worked out with the attorney general, subject to the approval of the court, as follows:

"The purchase by the Union Pacific of the entire capital stock of the Central Pacific consisting of \$87,275,000 par value of common and \$17,400,000 par value preferred stock for the sum of \$104,189,941—the cost at which it stands upon the books of the Southern Pacific company. Eighty-four million, six hundred and seventy-five thousand, five hundred dollars of the amount was to have been paid in stock of the Southern Pacific Company, held by Union Pacific at par, but legal difficulties having been found in the way the plan has been changed so that payment is to be made as follows: One hundred and twenty million six hundred and fifty thousand dollars par value—being the entire amount of stock of Southern Pacific Company held by Union Pacific, is to be offered to the stockholders, common and preferred, of the Union Pacific and stockholders of the Southern Pacific Company other than the Union Pacific and Oregon Short Line for subscription at 88 5/8 per cent, and accrued dividend. This offer is to be underwritten and subscribed to by the Union Pacific and payable April 1, 1913, (details to be given later). The proceeds of \$84,675,500 of this stock less the underwriting commission and expenses is to be paid over to Southern Pacific Company, together with \$5,440,000 of the Southern Pacific Company's four per cent gold bonds, and \$14,065,441 in cash.

Central Pacific to Operate Its Own Lines

NEW YORK, Feb. 7.—Judge R. S. Lovett, chairman of the executive committee of the Union Pacific, has issued the following statement: "If the plan is consummated, the lease and operation of the Central Pacific by the Southern Pacific Company will, of course, cease, and the Central Pacific Railroad Company will enter upon the operation of its own lines with a complete organization in California from president down.

"The president of the Central Pacific will have fully as much authority with respect to the lines of the Central Pacific as the president of the Southern Pacific Company has over its lines. The published reports that the Central Pacific is to be leased to or merged into the Union Pacific Railroad are without foundation. The Union Pacific's control will be through ownership of stock of the Central Pacific, the operations being carried on by the Central Pacific Railroad Company and in its own name.

The effect of the arrangement outlined by Judge Lovett will be to make the Central Pacific a "home" road for California, to furnish employment for many additional men, and to increase the importance of San Francisco as a railroad center.

OFFICIAL ASSENT GIVEN.

"The attorney general of the United States has assented to the essential features of his plan, but it is of course, subject to the approval of the district court in which the government litigation is pending, and also dependent upon approval by the California railroad commission, of agreements for certain trackage and running rights in that state. The plan and agreements will be presented to the court and commission with the least possible delay.

Julius Kruttschnitt, chairman of the Southern Pacific Company, in discussing the sale of the Central Pacific stock by the Southern Pacific stated that while the directors have not decided what disposition to make of the money thus received, a considerable part of it will be needed in the near future to pay for extensions, for equipment and for additions and betterments. The future is sufficient to take care of future requirements, he said, without increase of fixed charges.

Mr. Kruttschnitt also stated that at a meeting with the Southern Pacific stockholders protective committee, held yesterday afternoon, the plan agreed upon by the boards of the Southern and Union Pacific Companies was approved unanimously.

BRIDEROOM TOO YOUNG: TROUBLE MAY RESULT

WOODLAND, Feb. 7.—If parental objection is employed in the case of James Webber, which has just been brought to light here, he may be prosecuted for perjury. Webber is a Sacramento youth, who procured a license from the county clerk of Yolo county and was presumably married to Myrtle Showler of Dunnigan last Monday. Webber and his bride applied to the Sacramento county clerk Tuesday, but let slip the information that he was only 20. They were refused a license, whereupon they boarded an electric car and fled to Woodland. Before Deputy Clerk Chester Hiddleston, Webber took oath that he was of legal age. It develops now that Webber will not be 21 until March 15 next. According to information received from Dunnigan the bride is stopping at the S. W. Barker ranch, but will return to her husband in Sacramento in a few days.

TOOK FIVE YEARS TO SQUANDER MILLION

NEW YORK, Feb. 7.—That Irving T. Childs, the Broadway spendthrift, ran through all the \$1,200,000 estate left him by his father, with the exception of a possible some \$200,000, within five years, is the statement contained in affidavits submitted in Surrogate Coburn's court in connection with the contest of Childs' will being brought by his widow, Mrs. Gertrude E. Childs.

"The estate is so small, I am told," declared the widow, "that after the payment of various prior liabilities there will be no income left for Marjorie Childs, the testator's daughter, which leaves her disinherited and practically penniless." William M. Bennett, Mrs. Childs' lawyer, says he searched the records in Kings county and learned that Childs got an annuity of more than \$1,200,000 from his father, and that the chances are that Childs disposed of or dissipated all but some \$200,000 in five years.

GIANT NEGRO DIES; WAS 120 YEARS OLD

RENO, Feb. 7.—Bacuss, the giant negro of Nevada, a pioneer of California and one of the last survivors of his race, died here yesterday at the age of 120 years. He was 6 feet 8 inches tall and weighed 350 pounds and recalled events of 100 years ago. He was raised in Missouri and came west in 1850. Bacuss was formerly a slave, but worked out his freedom.

ENGINEER DIES

SANTA BARBARA, Feb. 7.—Lee M. Hyde, supervising engineer of the Santa Barbara water tunnel, which was recently completed after eight years of its construction, died here last night after suffering a short time with blood poisoning. He formerly resided in Fresno and was one of the best known engineers in the state.

WANTS FRIGATE'S HULL RECOVERED

House Is Urged to Appropriate
Relics of the Gallant
Philadelphia.

WASHINGTON, Feb. 7.—J. Hampton Moore of Pennsylvania, in a speech on Stephen Decatur and the gallant frigate Philadelphia, urged the House today to appropriate the Philadelphia's hull and relics now under the water in the harbor of Tripoli. Mr. Moore said that if the recovery were attempted before the Italian government proceeds destruction work which may obliterate the wreck forever, relics could be recovered at a cost not exceeding \$15,000 or \$15,000. Mr. Moore referred to the recovery of the Maine in Havana harbor and the transfer of the body of John Paul Jones to Annapolis as precedents.

TROUBADOUR TRAVELS THROUGH WILD NEVADA

(Francis, the Troubadour, who is traveling from the Hotel Oakland, Oakland, Cal., to the Waldorf-Astoria, New York City, is writing his experiences in special correspondence to THE TRIBUNE.)
(By FRANCIS, the Troubadour.)
LOVELOCK, Nev., Feb. 4.—Left Hazen early this morning and after passing through the wildest and most desolate country I have ever seen I arrived at Lovelock about 4 o'clock this afternoon. Fifty-six miles of desert country from Wadsworth, to this point took a lot of the sand out of me and when I struck this place I was about all in.

Passed over the famous Carson sink—a wild, desolate area of dazzling alkali—and the most God-forsaken piece of country that I could be imagined.

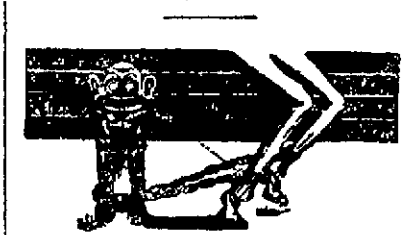

The Southern Pacific depot here will be my abiding place for tonight and tomorrow night will sing at the Orpheum here. Thursday I will go to the new mining camp at Rochester. The weather is beautiful and I am feeling fit as can be.

GETS \$1 DAMAGES.

LOS ANGELES, Feb. 7.—Mrs. Mary A. McNeely, Cal., who sued Dr. Charles A. Shepard for \$50,000 damages and was in turn made defendant in a suit for \$126 medical fees, ended the litigation by paying the doctor \$1, the amount of damages awarded her yesterday by a jury in the Superior Court.

Wan, Weary and Worn Out

If You Feel Fagged to a Finish and Utterly Used Up Here is Quick Relief.

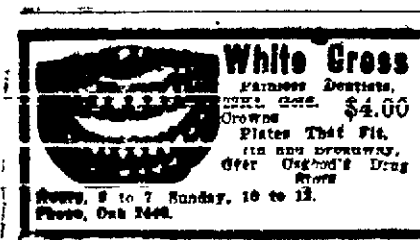

Half the people you meet complain of nervousness, stagnant brain, jangled nerves, and a wonderful desire to lay down and feel out. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn out feeling is due to poor blood, to bacteria in the system, to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto toxicemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

If you feel better at once, not from a stimulant, not from the action of drugs, but from the rational effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good home food. Do not hesitate to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratories of Dr. J. C. Smith, Jr., 212 E. 12th St., Atlanta, Ga. Send for their free 24-page book of the many cures effected that attest the human family by reason of impoverished blood.

PLEADS GUILTY TO MURDER CHARGE

Admits Shooting Brother; Sent to State Industrial School.

KANSAS CITY, Mo., Feb. 7.—By pleading guilty to a charge of second degree murder yesterday, Lawrence Morris, aged 17, who killed his brother, McKinley, 13 years old, at their home in Kansas City, Kansas, last month, probably saved himself from a penitentiary sentence. He was given an intermediate sentence at the State Industrial School.

INDIANS DEED LAND TO ESCAPE TAXATION

WASHINGTON, Feb. 7.—Representatives of certain of the Southern Pueblo tribes in New Mexico who desire to deed their more than one million acres of land to the federal government to escape taxation, have arrived here to seek the necessary legislation. Acting Commissioner of Indian Affairs Abbott will hear their case.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

The woman with tender skin dreads February and March because they are sure to cover her face with ugly freckles. No matter how thick her veil, the sun and winds will surely make her freckle. Fortunately for her peace of mind, the recent discovery of a new drug, otherwise double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength medicine will remove them. Get an ounce package from Osgood Bros. and watch the freckles. Money back if it fails.

DON'T SCOLD AN IRRITABLE CHILD

See if Tongue Isn't Coated, Stomach Sour and Bowels Waste-Clogged.

Mother! Don't scold your cross, peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad, has stomach-ache, diarrhoea, sore throat, or is full of cold, it means that the little one's stomach, liver and bowels are clogged with waste matter and need a gentle, thorough cleansing at once. Give a teaspoonful of Syrup of Figs, and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little waste-clogged bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly. With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste. Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow. Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggist for the full name. Give a teaspoonful of Syrup of Figs, prepared by the California Fig Syrup Co. This is the delicious, genuine, reliable. Refuse anything else offered.

FORMER POLICE CHIEF IS ADJUDGED INSANE

CHICAGO, Feb. 7.—Former Chief of Police George M. Shinn, who escaped from the city jail last night, was today officially declared insane. Shinn's nervous breakdown began five years ago with his shooting of Lazarus Aarons, a prominent woman who entered the Shinn home and attacked the chief and his son.

Woman's Beauty is Based on Health

To Have Health, Bowel Movement Is Absolutely Necessary; How Best to Obtain It.

If woman's beauty depended upon cosmetics every woman would be a picture of loveliness. But beauty lies deeper than that. It lies in health. In the majority of cases the basis of health, and the cause of sickness, can be traced to the action of the bowels.

The headache, the lassitude, the salivary skin and the lusterless eyes are usually due to constipation. So many things that women do habitually conduce to this trouble. They do not eat carefully, they eat indigestible foods because the foods are served daintily and they do not exercise enough. But whatever the particular cause may be it is important that the condition should be corrected.

An ideal remedy for women, and one especially suited to their delicate requirements, is Dr. Caldwell's Syrup Pepsin, which thousands of women endorse highly. Mrs. Jennie Snedecker, 1041 West Monroe St., Chicago, testifies that she is "cured of grave stomach and bowel troubles by using Syrup Pepsin and without the aid of a doctor or any other medicine." All her family can use Syrup Pepsin, for thousands of mothers give it to babies and children. It is also admirably suited to the requirements of elderly people, in fact to all who by reason of age or infirmity cannot stand harsh salts, cathartics, pills or purgatives. These should always be avoided for at best

MRS. JENNIE SNEDECKER

their effect is only for that day, while a genuine remedy like Syrup Pepsin acts mildly but permanently.

It can be conveniently obtained at any drug store at fifty cents or one dollar a bottle. Results are always guaranteed or money will be refunded. You will find it gentle in action, pleasant in taste and free from griping, and its tonic properties have a distinct value to women. It is the most widely used laxative tonic in America today and thousands of families are now never without it.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way, or a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

DOWNTOWN CLUB SEEKS NEW DEPOT

Will Ask Better Accommodations for Passengers at Broadway Wharf.

The Downtown Improvement Club has planned a campaign for a depot of sufficient size to accommodate and protect passengers from inclement weather at the Broadway wharf, or for a covering for the ferry drop, or possibly both. If the sentiment expressed at a meeting in Hotel Crelin last evening, is borne out by a committee to be appointed by President Louis Aber. An abstract from the testimony presented by Southern Pacific officials at the recent hearing before the railroad commissioner was read at the meeting, showing that during the months of May, June and July, 1912, there were carried on the Oakland harbor boats 1241 teams, 24,998 automobiles, 7011 motorcycles and 101,159 passengers. The club claims the accommodations for passengers are no better now than twenty years ago when only a very small percentage of the traffic on this line was accommodated.

A committee of ten consisting of members Berthillon, Kaysar, Seller, Cytlan, Ehrlich, Pantkow, Lesser, Elliott, Doody and Stearns were appointed to assist the Progress and Prosperity Committee in setting out plans, shrubs and trees in the vacant lot adjoining the Chamber of Commerce on February 15.

Members Hesse, Kaysar, Ehrlich, Knabe, Berthillon and Seller were appointed a committee to arrange for a get-together dinner at a downtown club in the near future. It was announced that at the next meeting of the club, February 20, the principal order of business would be the election of officers for the ensuing six months. Twenty-four applicants for membership were accepted.

The committee on electric lighting for the downtown district so as to make it practically as light as day reported progress and showed several designs of arches, modern electroliters and flashing arcs. They asked for and were granted further time, as they are conferring with the several electric light companies.

THUG ROUTED WITH A POLICE WHISTLE

East Oaklander Held Up at a Late Hour Gives Shriek Alarm.

The shrill call of a police whistle saved J. T. Traux, 2101 East Twenty-first street, from being robbed at a late hour last night when he was on his way home. Traux was halted at the corner of East Thirty-second street and Fourteenth avenue by a masked and armed highwayman. Traux held a police whistle in his hand and as he obeyed the order of the thug to raise his hands he set the whistle to his lips and blew a long call. The robber turned and ran.

Traux explained to the police that when alone on dark streets he carried the police whistle ready for use. The robber, who attempted to hold him up last night was a young man of slim build, wearing a dark overcoat and soft hat. He had a large caliber revolver and wore a red bandanna handkerchief for a mask over the lower portion of his face. Miss Louise Andrews, owner apartments, Twenty-second and Harrison streets, reported to the police that her rooms were entered and several articles of jewelry and \$4.85 in coin taken.

Dr. Greenberg, 2301 San Pablo avenue, reported that his premises had been entered and several articles of value taken.

SAN FRANCISCO IS HELD AT RENO

George L. Brown Accused of Obtaining Money by False Pretenses.

RENO, Nevada, Feb. 7.—George L. Brown of San Francisco, arrested on a warrant charging him with obtaining money by false pretenses, is being held here by the local police for action of the San Francisco authorities. The warrant was sworn to in San Francisco by W. H. Odlin, a partner, who declares Brown defrauded him of a share in an automobile and office furniture worth was in their office, 839 Third St., building San Francisco, where they ran the Pacific Coast Colonization Company.

Brown asserts he has been receiving letters daily from his partner, and his arrest came as a complete surprise. He says he took the automobile with Odlin's full consent. On his arrival with his family in Reno Brown opened an office for his colonization project. He says he is guilty of nothing and will return to San Francisco without extradition. He has moved his typewriter into his room at the City Prison, and is transacting business. He believes his partner has fallen into the hands of unscrupulous lawyers.

DEATH BARS WAY TO STATE PRISON

Paroled Convict on Journey to Penitentiary Dies in Hospital.

SAN FRANCISCO, Feb. 7.—John D. Skinner, a salmon keeper of Los Angeles, who was taken to the State Prison at Folsom, who was to have been sent back to that penitentiary, will never see the prison walls again. Skinner died at the Harbor Emergency Hospital this morning. He was picked up in a photographic instruction by Detective McGraw and Skelly, charged with violating his parole, and had been for several days at the city prison. This morning he was taken ill, and as soon as he was taken to the hospital it was found that the end was not far off. Skinner was sentenced June 22, 1907, for forgery, and was released September 1, 1912. His violation of the parole consisted of continuous spree, which hastened his death.

Newest Spring Arrival in Men's Neckwear

The CHECKERED BIAS CRAVAT is the first real Spring novelty we have received. We pride ourselves that we are the first house to show this innovation outside the City of New York.

This idea in Neckwear is in the supreme novelty class. It is odd but striking and very original. The beautifully blended colors will make it take without doubt. We show it in a series of twelve shadings.

STYLE, white background, black bias stripe with black and white check just where knot comes. The same combination is followed out in eleven other colors.

SHAPE—Four-in-Hand with open flowing end cut bias. It also has the never-stick neck band, sliding easily with no straining.

QUALITY—A pure silk Poplin of light weight.

RIOTERS WRECK SHOP WITH BOMB

Two Men Injured by Explosion Caused by Garment Workers.

NEW YORK, Feb. 7.—Rioting garment workers wrecked a shop with a bomb loaded with ground and jagged glass and ugly bits of scrap iron yesterday. Two men were severely wounded. Then the women beat up five policemen and a sergeant and held the reserves at bay for more than 10 minutes.

Later about 80 strikers, a third of whom were girls, rushed at the clothing factory of Adam G. Anther of Brooklyn. Special Officers Edward Hartman and John Hopp stationed at the entrance, beat the leaders back with clubs. Suddenly a striker, later identified by the police as Frank Maroney, took a package from his pocket and hurled it at the factory entrance. It exploded with terrific force.

Hartman and Hopp were knocked senseless, their faces and hands bleeding where splinters of glass and pieces of scrap-iron had hit them.

The explosion wrecked the entrance to the factory, smashed many windows and sent the 60 employees rushing in panic out of the rear door in Troutman street.

Sergeant Wall and five patrolmen who were at Willoughby avenue near Myrtle rushed to the scene of the bomb explosion and met the fleeing strikers. A fight followed in which the police were badly worsted.

Sergeant Wall sent in a riot call and the reserves from two stations hastened to the scene. The strikers scattered at the sight of reinforcements, but 11 were caught.

Following the attacks made upon the girl pickets by Harlem thugs, the garment workers' committee has hired pugilists to guard the women strike agents.

The manufacturers have replied by hiring other performers in the prize ring.

Police have sent to Commissioner of Police Waldo a tabulated list of assaults which it is alleged the police have made on pickets.

ROBBED WHILE ENJOYING FEAST

Man Identified as Chinatown Thug Is Placed Under Arrest.

SAN FRANCISCO, Feb. 7.—J. B. Southern, who lives at the Central Hotel, Third and Townsend streets, while he was sitting at a table under a Chinese restaurant at 449 Jackson street, was suddenly attacked by two men, who seized him and took his purse containing \$10 in currency. When they ran from the cafe he set out in pursuit, calling for the police.

Patrolman McIntyre arrested John Hayden, a cook, half a dozen blocks away. Southern identified him positively as one of the robbers and the purse, empty, was found in a vacant lot where he was arrested. Hayden was charged with robbery.

PETITION FOR ADDITION TO CAPITAL IS SIGNED

SACRAMENTO, Feb. 7.—Announcement was made yesterday that the petition for calling a special bond election for the purpose of raising additional ground for state capital purposes has a sufficient number of signatures. The city commissioners will fix the date later for the election. The plan is to raise \$500,000 to purchase two blocks adjoining the capital for erection of a state library and state offices now housed in San Francisco.

NINETEEN DROWNED. BLUETAILS, Nicaragua, Feb. 7.—Nineteen persons, 12 passengers and seven members of the crew were drowned yesterday when the schooner Granada was wrecked off Greytown, Nicaragua. There are only two survivors.

REPORT BODY FLOATING. SAN FRANCISCO, Feb. 7.—State railroad policeman John J. Gould, who was on duty at the ferry station at midnight and notified the Harbor station, Officers Norman and Nash went out in the police patrol boat and searched for several hours, but were unable to find the corpse.

BUCKET SHOP MEN PAY HEAVY FINES

Eight Defendants Plead Guilty After Vain Appeal to High Court.

WASHINGTON, Feb. 7.—Eight men caught in the government's anti-bucket shop crusade in 1910 pleaded guilty of polite contumacy in the District Supreme Court here today and paid fines aggregating \$50,000.

Louis Cella of St. Louis, Angela Cella and Samuel W. Alder of New York pleaded guilty and were fined \$10,000 each. Oscar J. Rappell of Jersey City pleaded guilty. William Fox of Baltimore and Charles R. Ally of Washington pleaded not guilty and were fined \$25,000 each. Cases against Edward Aallanus and Robert Hall, Jersey City, Henry R. Duryea of Washington, Henry C. Stump of Philadelphia, E. M. Browning of Baltimore and Samuel Raymond, Jersey City, were dismissed.

The defendants had appealed in vain to the Supreme Court of the United States. Today's action ends all the bucket shop cases pending, except that against Price & Co., which will be tried later this month.

WINTER ASSEMBLY TO DANCE TONIGHT

Ivory Ballroom of Hotel Oakland to Be Scene of Brilliant Affair.

The Winter Assembly will hold the fourth and last dance of the season tonight in the Ivory ballroom of the Hotel Oakland. An affair which will eclipse the brilliancy of the earlier occasions is eagerly anticipated by the younger smart set, who form the personnel of the assembly. The handsome ballroom will be decked with quantities of palms and ferns, and an elaborate buffet supper will be served during the evening. A number of pretty frocks will be worn by the pretty girls who, with their escorts, are planning to enjoy the last ball of the season in a manner worthy of the occasion.

The dances of the assembly have been a most successful series. The patronesses who have been responsible for the arrangement of the delightful season include Mrs. William High, Mrs. Edgar Stone, Mrs. E. M. Walsh, Mrs. Louis E. Cockcroft, Mrs. C. W. Armes, Mrs. Mrs. George Bornemann and Mrs. Louis Ghinrelli.

The host and hostess were assisted in their duties by Dr. and Mrs. G. E. Bruckner, Mr. and Mrs. B. E. Baker and Mr. and Mrs. B. E. Baker, of whom entertained guests. Red carnations and asparagus ferns made the tables attractive. Among the members of the club who entertained were Mr. and Mrs. W. W. Ames, Dr. and Mrs. Granville Shure, Mr. and Mrs. John Beckwith, Mr. and Mrs. Elliott B. Davis, Mr. and Mrs. Harry Carlton, Miss Anne Florentine Brown, Judge and Mrs. Everett Brown, Dr. and Mrs. C. O. Edwards, Mr. and Mrs. L. G. Burrell, Mr. and Mrs. W. B. Waddell, Mrs. P. D. Ellis, Miss Marian Ellis, Miss C. Leach and Miss Clara Wittmeyer.

MR. AND MRS. A. L. ADAMS ARE HOSTS AT HOME CLUB

A number of dinner parties were held last night at the monthly dinner of the Home Club, which took place at the cozy clubhouse in East Oakland. Mr. and Mrs. Arthur L. Adams were the presiding host and hostess, respectively, and were joined for about three hundred guests. The dinner, which was given by the members of the club, was a most successful one. The host and hostess were assisted in their duties by Dr. and Mrs. G. E. Bruckner, Mr. and Mrs. B. E. Baker and Mr. and Mrs. B. E. Baker, of whom entertained guests. Red carnations and asparagus ferns made the tables attractive. Among the members of the club who entertained were Mr. and Mrs. W. W. Ames, Dr. and Mrs. Granville Shure, Mr. and Mrs. John Beckwith, Mr. and Mrs. Elliott B. Davis, Mr. and Mrs. Harry Carlton, Miss Anne Florentine Brown, Judge and Mrs. Everett Brown, Dr. and Mrs. C. O. Edwards, Mr. and Mrs. L. G. Burrell, Mr. and Mrs. W. B. Waddell, Mrs. P. D. Ellis, Miss Marian Ellis, Miss C. Leach and Miss Clara Wittmeyer.

NATIVE SONS TO GIVE THEATER PARTY

The Admission Day celebration committee has arranged a theater party to be held at the Panthea Theater next Thursday evening. The committee has selected this date so as to witness the road show, which includes the sketch, "Twenty Minutes in Chinatown." The Native Sons will also give a special performance, thus making it an exceptional show for the regular admission price. The decorations will be one of the features of the evening.

Scott & Borne, Bloomfield, N. J. 12-25

Call Off Your Dogs.

We cannot find Mr. McCord's name in either the Oakland City Directory or the telephone directory, but we print his communication, assuming it to be written in good faith:

East Oakland, Feb. 4, 1913.

EDITOR TRIBUNE—THE TRIBUNE management is evidently afflicted with a form of madness that may be termed Anti-San Francisco Phobia, for you seem to think that your readers are looking for nightly denunciations of our big neighbor. Nearly forty years' residence here, and a fairly extensive acquaintance with my fellow citizens convince me that they are not at all rancorous, or given to unjust criticism. You are therefore invited to measure up to the standards set by them and cease this everlasting hammering of San Francisco.

Yours for good will,

J. W. McCORD.

We do not recall that Mr. McCord has ever protested against San Francisco's attempts to dismember this county and annex the towns on the eastern shore of the bay. Apparently he has not heard of Assemblyman Schmitt's bills in the Legislature to take Oakland's harbor from the city and hand it over to the control of the State Harbor Commission.

We quite agree with our correspondent that the people of Oakland entertain no rancorous hostility toward San Francisco or the people of that city. All they ask is to be allowed to manage their own affairs in their own way. That is all THE TRIBUNE has demanded. Mr. McCord seems to regard this as a manifestation of rancor and hostility.

When San Francisco was asking the people of this county to come forward with a million dollars for the exposition, we pointed to Schmitt's bills and said: "Call off your dog, and we will co-operate with you." This suggestion seems to have prompted our correspondent to accuse THE TRIBUNE of berating San Francisco.

His reproach reflects the characteristic San Francisco attitude toward this city and its people. Opposition to annexation is unreasonable and unjust hostility to San Francisco is the peace offering handed to us. When we resent continued meddling with our domestic affairs, we are called a lot of impudent kickers against manifest destiny. When we signify a desire to be friendly with our San Francisco neighbors and co-operate with them in schemes and movements for mutual benefit it is touted as an evidence that we desire to be annexed.

The people of Oakland have only kindly feelings for San Francisco, and would like to co-operate with her citizens for mutual betterment; they want to help along the exposition, and are in no way jealous or envious of San Francisco's wealth and prosperity. But they resent attempts to drag them into submission, and the persistent efforts to force annexation on them. San Francisco can never cultivate the good-will of the people residing on this side of the bay by continually bawling out: "Drill, ye tarriers, drill!"

They are not tarriers and they will not drill at the command of San Francisco or anybody else. They know their own rights, are alive to their own interests, and they are resolved to maintain the former and protect the latter. Mr. McCord may think we ought to do otherwise, but he has no right to construe it as an expression of hostility. Whatever ill-feeling exists on this side of the bay is the fruit of unwarranted and unwise aggression, and it will subside only when that aggression ceases. Oakland desires to be a fair and generous neighbor to San Francisco, but she will not submit to the political domination which our neighbor seeks to impose. The persistent attempts to impose that domination is the barrier to an amicable understanding and fraternal co-operation on a mutually helpful basis.

Surely there is no rancor in this. THE TRIBUNE takes a warm interest in the welfare of San Francisco, and has frequently given evidence that it feels that interest; and it is not our fault if we have been compelled to stand up in defense of the rights and liberties of the people of Alameda county. Blame those who compelled that defense as a duty, not those who were faced with the alternative of inglorious submission or repelling hostile attack. We are for peace and amity and co-operation, yes; but first call off your dogs.

A lady whose dog was run over by an automobile driven by a chauffeur with a cork leg wants the Legislature to pass a law prohibiting maimed persons from driving motor cars. How is she going to stop persons with the full complement of arms and legs from running over dogs? Ninety-nine per cent of the cars which run over dogs are driven by chauffeurs who are in the full possession of all their limbs. The lady will have to seek some other means of redress for the death of her pet. We may sympathize with the objections daring canines make to the speed mania, but we cannot avert the consequences. A two-legged man will run over a dog as quick as a one-legged one. It is difficult to keep them from running over men, women and children.

The People Will Foot the Bill.

The threatened deficit in the State treasury has been averted by increasing the tax on the gross earnings of public service corporations. This will doubtless meet the approval of those who will not take the trouble to look beneath the surface and study out the ultimate effect of tax burdens, but this is to be said: The taxes paid by the public service corporations must in the end come out of the pockets of those whom they serve. What the corporations pay the State in taxes must first be collected from the patrons of the utilities operated by the corporations. The tax is figured in an operating expense chargeable against the public.

Possibly the increase in the corporation tax was justified by existing conditions and that it is not inequitable under the circumstances. Not having given the subject careful examination, we are not in a position to express a positive opinion on that head, but upon the policy of increasing the expense of government on the theory that the corporations will have to foot the bills we are able to offer a fairly intelligent opinion. It is a false and pernicious theory, which, if carried to a logical extreme, will drive capital from the State and retard development.

At the rate the expense of government is piling up, another increase in the corporation tax will be necessary in the near future, perhaps at the next session of the Legislature. The notion that we can afford to be wasteful and extravagant because the money will come from the corporations and not out of the pockets of the people is delusive. The people will find it in their

"NO PAY, NO PLAY"

—ST. LOUIS WEEKLY GLOBE-DEMOCRAT.

gas, water and telephone bills, and in the charges for railway freight transportation.

Capitalists will not build and operate public utilities if they are not allowed to make their investments remunerative. The alternative is public ownership. When municipalities own their own water, lighting, telephone and railway plants, the income the State now receives from the corporation tax will decrease, and a tax on property will be required to make up the deficiency. As an income proposition, the success of the corporation tax depends upon private ownership. If the tax be made too burdensome or the rates made unremunerative, private capital will withdraw from the field. Public ownership will become a necessity and the rule, and the corporation tax will have to give way to some other way of providing revenue for the State.

Extravagance and waste are not to be encouraged on any account. Even if we can make the corporations bleed through the nose, it is not wise nor is it just to spend money foolishly. Production must inevitably bear the burden. The cost of service will increase or service will diminish in efficiency. Taxing the corporations out of their boots may sound good, but in reality it is the patrons of the corporations who pay. Don't forget that.

The Exposition's Transit Problem.

In the discussion provoked by the predicament San Francisco is in relative to the lack of transportation facilities to and from the exposition grounds, and the urgent necessity for supplying the same without further delay, there is a lamentable poverty of suggestion. Hostility to the United Railroads negatives every proposal looking to a practical solution of the problem. It is proposed to cope with an imperative condition requiring prompt action with theories and abstractions. Some of the suggestions are so puerile as to be beneath contempt.

Matt I. Sullivan, the Governor's deputy Angelo in San Francisco, proposes to solve the problem offhand by having the Supervisors order the United Railroads to put on 500 more cars. The Supervisors may have the power to make such an order, but there is a limit to the number of cars that can be operated on one set of tracks. The difficulty is not lack of cars but car lines. The lines connecting with the exposition grounds are hopelessly inadequate to handle the immense crowds that will attend the exposition. When the need for more car lines is broached Mr. Sullivan waives the difficulty aside by saying the Supervisors will order the United Railroads to put on more cars.

Another gentleman suggests that passengers be transported to the fair by water. It is hardly worth while to point out that this proposition is utterly impracticable.

A third says the exposition is located in the wrong place. If this means anything at all, it means that the present site should be abandoned and a new one chosen. It is needless to combat the proposition; matters have gone too far to change the exposition site at this late day. The exposition will have to be held on the site selected. The problem is to provide the transportation facilities required to make the exposition a success.

As President Moore says, the requisite facilities must be supplied during the next two years or the exposition will be a disappointment, if not a failure. The city is not financially able to supply them. The United Railroads will not provide them under the present charter restrictions. An amendment to the charter devised to meet the difficulty was voted down at the recent charter election, and no other charter proposition can be voted on for two years unless the State Constitution be amended to eliminate the obstacles at present existing.

And there you are. If Mr. Sullivan speaks ex-cathedra, the Legislature will not submit a constitutional amendment. What is to be done? Nobody seems to know, and nobody seems very much to care. Apparently the disposition is to let Bob do it. But there is no Bob in sight, and no circumstances has arisen with a scheme to bring him in view. So a wonderful scheme is in danger of being spoiled by small men with petty views.

Twenty Years Ago Today

C. Mau, the architect, is now drawing plans for the Old People's Home to be erected at Fruitvale.

Senator Leland Stanford has so far recovered his health as to be able to walk with the assistance of an attendant. Last evening, accompanied by Mrs. Stanford, he left for Washington in a special car.

The firm of Noble & Russ, decorators and painters, has dissolved partnership. Miss Mary Turk has returned from a trip to Salt Lake City.

Mrs. Maude Berry-Fisher will be one of the soloists at the concert of the Bandurris club in San Francisco next Friday evening.

Mrs. Emily Brown, president of the Women's Press Association, will move from Alameda to Oakland.

Miss Selma Aitken of San Francisco is the guest of Miss Hannah Scheeline of 1310 Eighth street.

The plans for the addition to Lincoln school have been completed by Architect Childs.

A list of the leaves of absence from the Oakland police force shows that 30 per cent of that body was sick at some time last year.

Tomorrow, Friday and Saturday afternoon and evening "Edgewood Folks" will be produced at the Macdonough, with Alpha Heywood as Tom Dillaway. "The Spider and the Fly" will be given for the last time tonight.

Elbert Lawton succeeded J. F. Lawton as chief of the local fire department this afternoon.

"COLDS"

Caused By Lowered Vital Resistance. What To Do For This.

It is a well-known fact that when a person is run-down, stomach out of order, or the system overloaded with waste matter, vital resistance is lowered and colds and coughs are easily contracted.

The safest and surest method we know to overcome this condition is by taking our delicious cod liver and iron tonic. It is the most natural manner Vinol tones up the digestive organs, promotes a hearty appetite, enriches the blood and creates strength for every organ in the body, and as a specific for chronic coughs, colds and bronchial troubles Vinol is unequalled.

Mr. Albert Porter of Richmond Hill, L. I., says: "All winter I had a bad cold and a cough which I could not get rid of, and was badly run-down besides. Vinol was the one remedy which cured my cough and made me well in every way."

Try a bottle of Vinol on your next cold to return your money if it fails to help you. The Old Drug Co., Oakland, Cal.

WAR WILL CEASE WHEN CREDIT DOES

So Declares Former Head of Persia's Finances at Banquet.

NEW YORK, Feb. 7.—When the men who control the credits of the world say war must cease, it will cease," W. Morgan Shuster, of the National City Bank and former Treasurer-General of the Persian government, declared last night at the twelfth anniversary dinner of the New York Chapter of the American Institute of Banking. Mr. Shuster spoke on the power of money in averting war. General Reeves, former President of Colombia, spoke of the power of credit in world development. Touching on the Panama Canal, General Reeves said: "With the construction of the Panama Canal, a magnificent field of action is open and the banks of the United States should study the question of alliances with those already existing in Latin America, taking thereby advantageous positions." General Reeves also took occasion to advise that a beginning should be made by seeing "that justice is done Colombia in the matter of its rights claims connected with the Panama affair."

CARSON CITY, Nev., Feb. 7.—Following the action of the Assembly, the Senate of the Nevada legislature ratified the proposed amendment to the federal constitution for the direct election of United States Senators without a dissenting vote.

DANDRUFF AND ITCHING SCALP

Also Burning, Nearly Driven Crazy, Hair Came Out by the Handful, Dandruff Like Flakes of Snow. Cuticura Soap and Ointment Cured.

P. O. Box 681, Leno, Ore.—"I was greatly troubled with dandruff and an itching and burning scalp for nearly five months. My hair was always itching and burning. I nearly drove me crazy. Whenever I would comb my hair (which was a very painful thing), my hair would just come out on the comb by the handful. Dandruff would be falling out just like flakes of snow. I could rub my head and dandruff would fall all over my clothes. It was something awful. The crust-like dandruff could plainly be seen and I had scratched my head so much there were scars and sores all over. Sometimes I could hardly sleep."

"I tried several others but to no success. I heard of Cuticura Soap and Ointment and determined to try them. I bought a box of Cuticura Soap and Ointment and used them for three or four weeks and I was completely cured. My hair is silky and nice, my scalp white and clean, and my hair is coming in nice and long." (Signed) Miss R. Ream, Leno, Sept. 28, 1912.

Cuticura Soap (25c) and Cuticura Ointment (50c) are sold everywhere. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address: Post-card "Cuticura, Dept. T, Boston." Tender-faced men should use Cuticura Soap-Shaving Stick, 25c. Sample free.

MANUFACTURERS TO EXHIBIT IN NEW CITY HALL

Project of Making Display in Old Municipal Building Abandoned.

Colonel John P. Irish Speaks on Industrial Future of Oakland.

There will be no manufacturers' exhibit in the old city hall, according to a decision reached by the exhibit committee of the manufacturers' committee of the Chamber of Commerce last night. That the building was condemned many years ago and was not a safe place for crowds was one reason given for abandoning the project. Tentative plans, however, are being considered with a view to holding an exhibit in the new city hall and it is possible that a bigger and better accommodation may be had by the manufacturers there.

Many communications were received asking state-wide co-operation in the investigation of the bills that are vital to the interests of the manufacturers. Among these was one from the Sunlit Fruit Company asking that they work against the Sunday rest bill as applied to women working in the canneries during the fruit season.

"Perishable fruit is a commodity over which man has little control," said the letter, and in urging opposition to the measure went on to state that canning continued for a few months only of each year and that the workers themselves realized the necessity for overtime and had no objection. Many of them did no other work for the entire year and depended on the cannery work for their principal support.

Another letter was from N. Clark & Sons, calling attention to the eight-hour bill, which, if passed, would practically eliminate California from competition with Eastern States, where ten and twelve hours are the common thing.

Matters of legislation was put into the hands of the executive committee.

COLONEL IRISH SPEAKS.

Colonel John P. Irish spoke of the many things that need to be done to increase the manufacturing of this city. Long ago, he said, a great manufacturing city without the facilities which Oakland has. The fall of San Francisco as a city of factories was also reviewed by the speaker. His talk in part was as follows:

"The fact that ship and rail are to be brought together at Oakland and that this is the only city on the California coast that will have this advantage is the one fact that should be made plain to advertising. For a long time we looked for fuel in that we had no coal, but now we have oil and electric power."

WOULD BANISH STRIFE.

"At present San Francisco is to be pitied for her industrial isolation and it is that which must be avoided in Oakland. We must meet with the worker. He can be shown that it is to his advantage to eliminate industrial strife in a growing city, where capital is being encouraged to enter. This is not war talk, but a suggestion for harmony."

INDIAN CEMETERY IS PRODUCER OF ANTIQUITIES

MAXFIELD, Feb. 7.—An old Indian camp or burial ground on the property of J. P. Pomeroy at Maxfield is furnishing the archaeologists of Stanford University with many valuable relics of prehistoric days in California. The antiquities are being preserved for the museum.

TERRIBLY INJURED, BUT HE SMILED ANYHOW

POMONA, Cal., Feb. 7.—Mada Singh, a Hindu laborer, smiled as he sat in an automobile which brought him to a hospital here. The fact that all of his front teeth were missing, his nose broken and his jaw fractured, in addition to other injuries, did not mar his delight at his first automobile ride.

Mada Singh was working at the top of a 70-foot well shaft, when he lost his balance and fell head foremost to the bottom. A fellow laborer was lowered by means of a rope he found the Hindu sitting up against the shaft wall, rubbing his head.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve indigestion and dyspepsia.

Remall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary carminatives that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Remall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

We know what Remall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Remall Dyspepsia Tablets will satisfy you? Three sizes: 25 cents, 50 cents, and \$1.00.

You can buy Remall Dyspepsia Tablets in this community.

FREMONT SCHOOL ALUMNI READY FOR ANNUAL REUNION

MISS MAE MILLER (LEFT) AND MISS CLARA ESDEN, WHO WILL ATTEND ALUMNI DANCE.—Photos by Bushnell.

The seventh annual reunion and dance of the Alumni Association of the John C. Fremont high school will be given tomorrow evening at the Home Club. Elaborate arrangements have been made for the affair. The ballroom has been decorated with a profusion of green and gold flowers and bunting, the school colors. It is expected that an unusually large number of the alumni will be at the affair, which is one of the society events of the season and an attendance close to the 500 mark is expected.

Tomorrow evening's event will, according to those in charge, eclipse any of the six previous similar gatherings. Light refreshments will be served during the course of the evening. Principal T. S. Rossetter is assisting the alumni committee in arranging for

the event, as are a number of the faculty. A number of novel "stunts" depicting the "old school days" are being prepared in which the alumni members will participate.

Among those who are members of the Alumni Association are: Miss Mae Miller, Miss Ethel Baggett, Miss Clara Esden, Miss Ruth Slaven, Miss Isabelle Cluff, Miss Bess Allen, Miss Laura K. Van Buren, Miss Carolyn Carey, Miss Ethel Perkins, Miss Marguerite McFadden, Miss Matilda Brown, Miss Anna McKenzie, Miss Marguerite Cordell, Miss Edith Durivage and Miss Clara Loomis. L. Ray Ogden, Harold Samuels, William Millholland, Willard King, Harrib B. Kenney, Robert Gardiner, Harry Anderson, Douglas E. Cohen, Byron Johnson, Elmer Wieben, Talcut Perkins, Leo Bender and James McElroy.

HELEN KELLER SPEAKS; 'SOCIALISM' IS TOPIC

MONTCLAIR, N. J., Feb. 7.—Helen Keller, famous blind and deaf girl, made her debut as a public speaker in Montclair last night when from the platform of the auditorium in the Hillside school she delivered a lecture to an audience of nearly 1,000. Miss Keller is a Socialist and voiced radical political inclinations. The large audience understood her with difficulty at times, owing to the lack of emphasis in her tones.

GETS DAMAGES.

WASHINGTON, Feb. 7.—The Navy Department today awarded Charles Long of Vallejo \$469 for damages to his gasoline launch in a collision with the United States steamer Leslie in the channel off Mare Island Navy Yard on September 5, 1910.

Los Angeles Baby Weights 48 Ounces; Has Many Nurses

LOS ANGELES, Feb. 7.—Because she weighs a trifle more than forty-eight ounces and feebly, forty-five drops of a specially prepared food to give her a square meal, Rosanna Elizabeth Johnson, who arrived on earth last Wednesday, has achieved more distinction and gets more attention than any other baby that has ever arrived at the Los Angeles maternity cottage.

She has an allowance from the county board of supervisors. Seven wealthy women, members of the board of managers of the maternity cottage, and a number of physicians dance attendance upon her. She has a specially built "baby incubator" and a retinue of nurses. "She has all of this because she is the eighth child of her parents and the only one who has lived more than two days, and the women of the cottage board of managers determined to make an exception in the rule of death in her family. The board of managers procured an allowance from the supervisors. The doctors ordered the preparation of her food and the nurses, night and day, see that she gets her "square meals" through a medicine dropper at the proper times.

BROTHERS MEET AFTER 11 YEARS

One Sells Other Suit of Clothes and Recognition Follows.

CHICAGO, Feb. 7.—Two brothers, Harry E. and Frank E. Rose, who were soldiers together in the Philippines, met accidentally yesterday after a separation of eleven years and did not recognize each other until after one had sold the other a suit of clothes.

DOCTORS EXONERATED BY FINDING OF COURT

OGDENSBURG, N. Y., Feb. 7.—A scanning of the court's findings in the recent damage suit settled here in favor of the plaintiff, Rev. Father L. A. Klauder, shows that the two physicians who were named as defendants were exonerated by the jury and will not be called on to pay the \$15,000 damage awarded to the priest.

PIONEER AND FORMER 'TRAIN ROBBER' DEAD

DOWNTOWNE, Feb. 7.—J. H. Squire, pioneer prospector, died at the county hospital, aged 82 years. He was known as the first train robber in California. He was one of a gang which worked under Champ Baughman, and in 1872, and participated in the first hold-up of a train in this State. He served a term in San Quentin.

Bills-Bills-Bills-& for BUTTER!

Mrs. Housewife, we'll tell you how to save some household expenses. Butter is the bugbear on your monthly bills and, with butter at present high prices, it's really extravagance to use butter anywhere except on your table. *Discard butter from the kitchen, and use Cottolene.*

Cottolene is better than butter for cooking; it is richer and will go one-third farther; it costs much less than butter; it will give just as good or better results. Why not, then, try the experiment?

Cottolene

is a vegetable fat — made from the purest and choicest cotton oil. It contains not an ounce of hog fat. Cottolene makes delicious pastry — crisp and flaky. For frying, it can be heated to a much higher temperature than butter or lard and forms a coating which prevents the absorption of the fat.

Buy a pail of Cottolene today and convince yourself by trying this recipe:

SPICED CLOVERS
Sift together two and one-half cups of flour, two-thirds cup of sugar, one teaspoon salt, two teaspoons cinnamon and four teaspoons of baking powder. Chop into this one-half cup Cottolene and moisten with milk until almost as soft as biscuit dough. Roll out one-third of an inch thick and sprinkle with cinnamon and sugar, well mixed, then cut into tiny rounds. Place in three (like clover leaves) in pans and bake in moderately hot oven. Serve warm with butter, honey or marmalade.

DEPARTMENT STORES COMBINE

Plan Will Make Buying Easier, Is Declared by the Proponents.

ST. LOUIS, Feb. 7.—Announcement was made here yesterday that department stores in many large cities of the United States have organized the American Department Stores Corporation to consolidate their purchases and thereby get low prices from manufacturers. The wholesaler is to be eliminated as far as the stores in the corporation are concerned.

The stores in the new company have an aggregate purchasing power of more than \$75,000,000 annually. J. B. Shea of Pittsburg has been elected president of the corporation, which will be capitalized at a nominal amount and chartered in New York.

Among the cities that have a store are St. Louis, San Francisco, Boston and Pittsburg. Negotiations are in progress for the admission of stores in Chicago and New York, and later stores in small cities will be taken in.

"Fifty Years Ago, When Golden Wedding Rye Was Young"

The natural goodness and mellow, mild smoothness of flavor produced from Nature's best grain by our exclusive process is apparent at once in Golden Wedding. For fifty years we have maintained that perfect standard.

Finch's Golden Wedding Bottled in Bond

Contains the rare whiskeys that belong only to absolutely pure whiskey. It is made differently from ordinary whiskeys. The special formula and process of distilling Golden Wedding keep in the original quality—the natural mellowness and mildness. Note the pleasant, effective stimulation it affords, without undesirable after-effects. See that it has the Government stamp over the cork.

INCOME TAX LAW HITS LEGAL SNAG

The Officials of Several States Fail to Send in Their Certificates.

WASHINGTON, Feb. 7.—State Department records fail to show officially that enough States have acted favorably upon the income tax amendment to insure its ratification, because the officials of several States that have recently acted have failed to send in their certificates. The department today telegraphed to the Governor of New Mexico that it could not recognize the telegraphic announcement of the ratification of the amendment and called for his formal certificate.

The department has taken notice of the fact that some of the State legislatures which were expected to act upon the amendment during their present sessions have abandoned that purpose because thirty-eight States had already acted favorably, but the department is hopeful that all of the States will record themselves in order to insure a safe margin for the amendment in case of irregularities.

TO BUILD SCHOOLS

CHICAGO, Feb. 7.—Trustees of the Loyal Order of Moose, in session here today, voted to establish a \$1,000,000 industrial and educational institution near Aurora, Ill., for the benefit of orphans and poor children whose parents were or are members of the order. Practical trades and scientific farming will be taught.

**Despondent Women
Made Cheerful**

When a woman who is subject to sick headaches improves her general health the sick headaches become less frequent or disappear altogether. Anything which tends to lower the "tone" of the body operates to bring on an attack and when the system is "toned up" the attacks lose their severity.

Dr. Williams' Pink Pills cure sick and nervous headaches by toning up the system. When the thin woman gains in weight, gets color in her cheeks and lips, and her appetite improves, she need not fear sick headaches.

Dr. Williams' Pink Pills are sold by all druggists at 25 cents per box or six boxes for \$2.50, or by the Dr. Williams Medicine Company, Schenectady, N. Y.

MORMONS ON RECORD FAVORING PROHIBITION

WASHINGTON, Feb. 7.—Officials of the Anti-Saloon League of America, who are advocating the passage of bills pending in Congress to prohibit the shipment of liquor into dry territory announced that the following telegram had been received from Joseph F. South, head of the Mormon church:

"The Church of Latter Day Saints is positively and unalterably opposed to the shipment of liquor into dry territory and to all unlawful traffic in intoxicants, and favors the entire suppression of all liquor traffic."

It had been reported that the Mormon church was using its influence against the pending legislation.

Hot Water

The economy of heating water with gas is apparent when it is considered that you consume fuel only when you need hot water. It is not necessary to keep a fire going all day to get hot water now and then.

Both health and cleanliness demand hot water. And the easiest, most economical and most satisfying way to get it is to use gas.

This is another instance of the value and convenience of "Pacific Service."

ENGAGEMENT SECRET IS TOLD MISS MARTIN TO BE THE BRIDE

Alvin Le Roy Calvert Will Wed Popular Girl; News Is Told at Social Affair

Formal announcement was made of the engagement of Miss Helen Martin and Alvin Le Roy Calvert at a charming affair given at the home of the bride-elect's aunt, last night. The betrothal was a surprise to a wide circle of friends of the young people, who are both popular members of the younger set here. Miss Martin has been prominent in social affairs across the bay and in San Jose, where her school days were spent. Calvert is a business man who is associated with one of the prominent real estate firms of Oakland. No date has been set for the wedding, but it is probable that it will be an event of the spring. After the marriage the couple will make their home here.

SEEK FRANCHISE FOR CAR LINE

Merchants Want Service on Washington Street; Apply to Council.

City councilmen are puzzling as to how they can grant a permit of a revocable nature to the San Francisco-Oakland Terminal Railway Company to lay tracks on Washington street extended north from Fourteenth street to San Pablo avenue, as the company is said to be unwilling to apply for a regular franchise under the terms imposed by the new charter. The matter was taken up with the commissioners by a committee from the Down Town Improvement Club.

As soon as the old city hall is torn down, it is the wish of the merchants of Washington street that some of the cars on San Pablo avenue shall be routed down Washington street, as this will be of advantage to the merchants and will also relieve the heavy traffic on Broadway. To do this it will be necessary that the company should have a permit for the short block between Fourteenth and Fifteenth streets in front of the new city hall.

The terms of granting franchises under the new charter are so onerous that officials of the traction company informed the old city council that after the new charter went into effect the company would not ask for further franchise rights on their lines. They explained that they would complete the work under construction, but would not make extensions. No extensions have been asked since the new charter went into effect.

B. G. Ryker and Edwin Stearns of the Down Town Improvement Association called on Mayor Frank K. Mott and Commissioner Turner to ask whether a permit other than a franchise could not be granted.

The matter was referred to City Attorney Dan F. Woolner, who explained that no permit could be granted other than a franchise under the charter. Woolner stated that the Down Town Improvement Club could designate one of its members to obtain a franchise and that after receiving the privilege, could transfer it to the traction company.

HAIR STORE DOES PIONEER WORK

Chas. Hoffman & Co. Move to Fifteenth Street, Near Jefferson.

Among the many established firms of this city who are doing so-called pioneer work in the rapid development of our city stands foremost Charles Hoffman & Co. This firm, for years located on San Pablo avenue, has recently moved to one of the handsome new stores on Fifteenth street, near Jefferson. Mr. Hoffman has made a wonderful success in the hair goods business, both wholesale and retail, and is firmly convinced that his new location is even better for the rapid growth of his firm than the old location.

Noted for his sound business sense and reliability in all dealings, we doubt not that Mr. Hoffman will continue his business under more favorable conditions and more rapid advancement in his new location.

GUNBOAT IS HURRIED SOUTHWARD

ANNAPOLIS TO PROTECT U. S. INTERESTS

To Reinforce Cruiser Denver and Auxiliary Buffalo on Mexican Coast.

Unrest Is Shown in the Section Where American Interests Are Large.

SAN DIEGO, Feb. 7.—Under hurry orders from the Navy Department at Washington, the gunboat Annapolis moved to the coasting station to coal and this morning cleared for Guaymas to reinforce the cruiser Denver and the auxiliary Buffalo in the patrol of the western Mexican coast. The move is believed to be the result of unrest that is being manifested on the west coast where American interests are large.

CLASH OVER ARREST. WASHINGTON, Feb. 7.—The clash between United States Commissioner Oliver and the United States Attorney at El Paso, over the service of warrants of arrest on Enrique Llorente, Mexican consul at El Paso, who in the meantime has fled to Juarez, Mex., was reported today to Attorney General Wickensham.

The federal attorney instructed the marshal to hold up the warrants until he had investigated the charge against the consul of violating neutrality by a conspiracy to ship arms to Mexico. The commissioner thereupon lifted the case from the control of the attorney by appointing R. E. Bryant a special officer to make the arrest.

Commerce and industry in interior Mexico are reported paralyzed by the railroad strike. The American copper smelter at Matamoros, San Luis, has given notice that it will close tomorrow night as it has become impossible to receive supplies.

Automobile's Wild Dash Smashes Water Main

Flood and Death Narrowly Averted When Driver Takes Hand From Wheel.

LOS ANGELES, Feb. 7.—A flood caused by the wrecking of an automobile in which its occupants narrowly escaped with their lives, was stemmed today, when repairs were completed on a leaking water main near Pasadena.

As their automobile approached a bridge, W. C. Bashford, an oil operator took his hands from the steering apparatus to assist his wife in putting on her coat. The car swerved and crashed into the Arroyo below, cracking an exposed water main. Bashford and his wife escaped with minor injuries.

13,000,000 Suffer From Occupational Diseases

Illness of Workers Causes Loss of Almost Billion Dollars.

NEW YORK, Feb. 7.—There are 13,000,000 cases of sickness among workers in this country each year which could be ascribed to occupational diseases, and a money loss of almost three-quarters of a billion dollars annually thereby, according to papers read before the women's department of the National Civic Federation here yesterday. There is an arsenic poison menace in twenty-seven different trades, declared Dr. John Andrews, secretary of the American Association for Labor Legislation, and in 138 trades workers are in constant danger of lead poisoning.

"Only three States have efficient protective occupational laws," he declared.

WAIVES EXTRADITION TO OBLIGE HIS FRIEND

LOS ANGELES, Feb. 7.—Because of Chief of Police Kleizer of Norfolk, Va., was his bosom friend, L. O. Shipp, formerly a hotel man in the same city, said today he would go back to Virginia without seeking extradition, to face a charge of having forged several thousand dollars' worth of checks in the name of his employer, H. E. Tabb, Kleizer, who arrived today, replied that while he was Shipp's friend, he was taking no chances and had come equipped with extradition papers already signed by Governor Johnson of California.

'SHOE TRUST' ASK WOMEN TO ADVERTISE DISSOLVED BY U. S. WARES

Manufacture of Boot Lasts Is Divided by Order of the Federal Courts.

Many Defendants Named in the Suit Charging Violation of Sherman Law.

DETROIT, Mich., Feb. 7.—The "boot and shoe last trust" fixing, it is alleged, the price of every last sold in the United States, was dissolved here today by the federal government, in quick time. Immediately following the filing of a civil anti-trust suit against the Krentler-Arnold Hinge Last Company and a number of last manufacturers, with whom it was alleged by government attorneys, District Judge Arthur J. Tuttle entered an agreed decree terminating license agreements insofar as they fixed the price of unpatented lasts and dissolving a club through which the alleged violation of the Sherman law was accomplished.

The decree in effect lays down the broad principle that it is unlawful to tie together patented and unpatented articles so as to fix the price of the unpatented commodity. Neither the government's petition nor the decree questions the right of a patentee to fix the price of a patented last.

DEFENDANTS ARE MANY.

Defendants to the suit were named as follows:
Krentler-Arnold Hinge Last Company, Detroit; Krentler Brothers Company, Detroit; Crawford, McGregor & Canby Company, Dayton, Ohio; Rehman Company, Cincinnati; St. Louis Last Company, St. Louis; Chicago Last and Die Company, Boston; Last Company, Rochester; Last Company, Woodward & Wright Last Company, Campello, Mass.; George E. Belcher Last Company, Staughton, Mass.; Mahanney Last Company, Brockton, Mass.; Goldbert Last Company, Worcester, Mass.; New York Last Company; John Pell & Sons, Newark, N. J.; Stewart & Potter Company, New York City; R. S. McNeill Company, Brooklyn, N. Y.; Philadelphia Last and Pattern Company, Vulcan Box Too Process, Portsmouth, Ohio; Nathaniel E. Arnold and George F. Atwood, North Abington, Mass.; Thomas W. Gardner, H. K. Gardner and H. L. Wood, Lynn, Mass.; Fredrick Drew and Augustus A. Delano, Brockton, Mass.; George H. Van Pelt, Chicago; F. V. Stuart, Beverly, Mass.; W. E. Bigelow, Worcester, Mass.; C. C. Kempton, S. S. Redder, Oscar Knicker and William Crook, Philadelphia; L. C. Wadleigh and J. H. Hovey, Haverhill, Mass.; Edwin O. Krentler, Detroit; William H. Crawford, Dayton, Ohio; Charles S. Dennis, Chicago, and Fred Drew, Brockton, Mass.

DOMINATE COMMERCE.
The defendants manufacture, it is declared, 75 to 80 per cent of all shoes and boot lasts in the United States and thus dominate and control, so far as price is concerned, the entire interstate commerce.

Instead of manufacturing its patented lasts and their parts exclusively, Krentler-Arnold Hinge Last Company issued license agreements to other manufacturers, who agreed, it is said, to maintain the price of all lasts according to the schedule of prices furnished by the former. The purpose of these agreements, it is charged, was to fix arbitrarily and unfairly high the price of both patented and unpatented lasts, the latter comprising about 50 per cent of the business so as to enable the hinge last company to exact an exorbitant price for its patented lasts.

By the agreed decree, in which the defendants disclaim an intention of violating the Sherman law, they are restrained from continuing the alleged unlawful features of their agreements. The government's petition, signed by Attorney General Wickensham, James A. Fowler, assistant to the attorney general, and Malcolm A. Cole, special assistant, was filed by United States Attorney Clyde L. Webster.

GETS TWO YEARS FOR THEFT.

Suffragists Are Flooded With Requests From Manufacturing Firms.

Five Women Will March to Washington, Carrying Medical Kits.

NEW YORK, Feb. 7.—"Try our rubber heels; try our soap; try our court plaster; try our sure-cure for blisters."

These are but a few of the many requests "General" Raulo Jones, commander of the approaching suffrage march to Washington is receiving from manufacturing firms desiring advertisement for their wares. Her mail is flooded daily with samples and if the flood keeps up she promises an auction sale of her collection for the benefit of the "cause."

Profiting from her experience on her recent march to Albany the general has provided for each member on this trip a kit of selected medical supplies calculated to relieve all pains less serious than a broken leg. This time also her army will go equipped in cloak and hood of flannel after the manner of the pilgrims of old.

Five women, Miss Jones announced, have promised to walk every step of the journey, which is scheduled to begin on Lincoln's birthday and to be completed on February 28 in time for the marchers to recuperate for the inaugural parade, in which they will take part.

FAVOR MILITANT METHODS.

WASHINGTON, Feb. 7.—Shivers of apprehension ran up and down the spines of government officials and members of Congress today when it was learned that the American suffragists, whose national headquarters are here, do not look with entire disfavor upon the militant methods employed by their sister suffragists in England against the officials of the crown and the members of Parliament. Mrs. Clara Bewick Colby, one of the prominent suffragist leaders, told a crowded meeting of the Federal Women's Equality Association last night that the window smashing, police fighting English suffragists had made possible the advancement of the cause in the United States.

"DRIVEN" TO IT.
The English women have been driven to their militant methods and we should not blame them," said Mrs. Colby. "They always stop at the actual taking of life and while I believe in peace and would not advocate the militant methods for the United States, we must realize that the women in England have had effect in America."

The Rev. Olympia Brown of Wisconsin, president of the association, does not hold the same view as Mrs. Colby. She blames the extreme tactics for the recent defeat of woman suffrage in Wisconsin.

RECEIVE PROPOSALS.
Proposals of marriage are being received in almost every mail by two pretty stenographers at the national headquarters as the result of the publication of a photograph of the two young women, showing them clad in the marching costume adopted for use in the parade of March 3. None of the proposals has been answered, however, the young women declaring they are wedded to the "cause."

TOLIVER CASE TO GO TO JURY TUESDAY

SAN DIEGO, Feb. 7.—Rapid progress is being made in the trial of Herbert Lewis for the murder of C. H. Toliver, alibi inventor, last May. It was expected this morning that the defense would rest Monday and the case would go to the jury Tuesday afternoon. Testimony now is by alibiists to show that Lewis could have been insane at the time of the murder and be sane now.

MISS PURT TO WED; ENGAGEMENT IS TOLD

The engagement of Miss Margit Purt, daughter of Mr. and Mrs. Ernest Purt of Elmhurst, and Hermann Lahann has been announced to their wide circle of friends in the bay cities. Plans for the wedding have not been completed, but it will probably be a home ceremony during the month of June. Miss Purt has been popular among her young friends, and is the possessor of a beautiful voice of much promise. She had been planning to go abroad to study her art in the old world, but such plans will now be abandoned for the wedding.

well known in San Francisco and Oakland and in other parts of the country where he has toured with a number of important organizations. He is a native of Switzerland. His father, John Lahann, has been a member of the San Francisco Symphony Orchestra for a number of years.

'MAN UNDER COVER' TO TESTIFY IN N. Y.

Purcell, Whose Evidence Was Ruled Out in Becker Case, to Be Called.

NEW YORK, Feb. 7.—Another gambler has come to the aid of the district attorney in the disclosure of police graft begun with the murder of Herman Rosen. But last night, in the James J. Walker case, once a gambling house proprietor. Through him, Assistant District Attorney Moss expects to unfold to the grand jury a story of many thousands of dollars paid over a long period for police protection.

"Purcell has been under cover" ever since the beginning of Charles Becker's trial for the murder of Rosenthal. He was ready to corroborate many details Jack Rose's story of graft told in the Becker trial, but was not called as a witness because Justice Goff ruled out testimony through which the state hoped to prove that Becker had collected graft. Purcell will now tell his story, giving the names of men to whom he made payments, dates on which they were made and many other details.

Police Commissioner Waldo said today that notwithstanding the refusal of District Attorney Whitman to permit Police Captain Walsh to disclose his confession to the police the investigation by the police of his story would continue without interruption.

ROTARY CLUBS TO MEET AT BANQUET

February 26 is the date set by the Rotary Clubs of Oakland and San Francisco for the love feast to be given by both bodies in the Hotel Oakland. Among the speakers will be Robert Robertson, president of the Oakland club, the secretary of the San Francisco club, and the president and secretary of the San Francisco body.

Over 300 men will be present at the banquet, which is being given for the purpose of cementing the friendship between the commercial organizations of both cities. A feature of the dinner will be a number of stereoscopic pictures of the members of both clubs.

A special program of "stunts" is being prepared for the occasion, the nature of which is being kept a secret. According to the president, however, no feature of an objectionable nature will be permitted.

Among the speakers at yesterday's meeting were T. B. Bridges of the program committee, W. P. Smith, H. H. Gribben, A. H. Schuster and M. L. Woolley.

TEACHERS' PURSE THIEF HAS FLOURISHING TRADE

SAN FRANCISCO, Feb. 7.—The bold attempt to steal the purse from the desk of Miss May Sullivan, principal of the Junipero Serra school, has convinced the police that a man is making a systematic business of this class of thievery. The reports yesterday of the theft of the pocketbook of Miss T. E. Bartlett, another principal, and the stealing several days ago of three purses in one building indicates that the robber is working openly. Miss Sullivan caught sight of the man as he left her desk when she suddenly entered the room. She missed only a few cents which were loose in the drawer.

SPECIAL COURSE OF RIDING LESSONS

Miss Graham's Offer Inducement to Horseback Devotees.

Miss Beatrice Graham has established one of the most popular and economical inducements to health and pleasure. "Horseback riding is a recreation, Miss Graham says, that should be enjoyed by everyone. To make this possible she is now issuing a number of riding certificates that entitle the holder to a course of ten riding lessons at the very nominal price of \$10. This rate, by the way, is less than one-half the regular rate for such a course, and for those who are interested in health, pleasure and recreation no better inducement could be offered.

Furthermore, if you are not already an experienced rider, Miss Graham guarantees proficiency in one course. Further particulars regarding this excellent horseback riding offer may be obtained by writing to Miss Graham at the Academy, Twenty-fourth and Telegraph, or telephoning Oakland 3844.

Concession to Be Sold by the Board of Park Commissioners.

The board of park commissioners today authorized Walter D. Reed, park architect, to draw plans for a small boat house to be erected on the shores of Lake Merritt. As soon as the boat house is completed the commission will advertise for the letting of a lease to the boat house for the concession of having boats on the lake, and will fix rates for the hire of boats.

Secretary Henry Vogt of the park commission reported that autoists had been using the boulevard in Lakeside park for a speedway. It was pointed out that the city ordinance provides a speed limit of seven miles in public parks. This is to be rigidly enforced in future.

The park board awarded a contract to Powell Bros. Construction Company today for the construction of a pumping plant in Mosswood Park. This extends the park municipal water system to another of Oakland public parks. The contract price was \$2880. Work will be commenced at once.

Secretary Henry Vogt was authorized to advertise for bids for an automobile for the park department.

AUDITORS TO CONSIDER PENDING LEGISLATION

The county auditors of the state will meet in convention here in Oakland on February 19 and remain in session three days. They will hold their sessions in the Chamber of Commerce building and occupy quarters at the Hotel Oakland, across the street.

County Auditor Frank Garrison is the president of the state association, and is attending to the details of the reception of the gathering. About twenty-five or thirty delegates will be present. The sessions will be devoted largely to consideration of pending legislation, many of the bills recently introduced having an important bearing upon the auditors' work.

NAT GOODWIN

The Sequoia Photoplay, at Twenty-sixth and Telegraph avenue, announces the appearance of Nat Goodwin for the first time in a remarkable reproduction of scenes from Charles Dickens' famous book, Oliver Twist, on Friday and Saturday, February 7th and 8th.

The settings and acting in this five-reel photoplay surpass anything of the kind ever produced.

MARYLAND NAVY STARS COMING IN SPECIAL BOAT

Jolly Tars to Travel in Style to Big Battle

With the championship struggle but a few days off, scheduled to take place between the Originals of Oakland and the "U. S. S. Maryland" American football team at Grove street park next Sunday afternoon at 2:30, interest among followers of the old and popular style of football is at a high pitch. The busy season during a close among the many organizations about the bay playing this game has resulted in the Originals and Maryland's vanquishing all comers and now both are preparing for the final and decisive game to decide what team is entitled to the state championship honors.

These two teams are conceded to be the strongest and fastest playing organizations in the west. Although the "Maryland" team is not to be properly classified with the coast teams, they have been stationed in the west for a considerable period and have proved to be worthy contenders in this locality.

The high standing of these two teams is not surprising when one is familiar with the effort expended by them to reach perfection.

Take the "Maryland" team—in the first place their lineup is made up of some of the best players ever turned out of the naval schools.

During active football season, although they play almost all year among themselves, a special training table is maintained for the playing squad. The same discipline enforced on board man-of-war is carried through with the members of the team.

Practice is a regular thing and the team to a man is in the pink of condition for every game. Their lineup has been practically unchanged for the past three seasons.

The "Originals" team of Oakland is made up of players who have played the American game together from the grammar school stage.

It was these boys who organized the well known Century Club years ago. The Reliance Club was then in the height of its glory, its membership including many athletes of note in many lines of sports. The Century and Reliance Clubs were strong rivals and many hotly contested games were played between them in these games. Hunter, Gil Thomas, George Thomas, the Moore boys, Chris Hampton and the others figured prominently ever since they have been playing together on the Century team until last season.

When the "Originals" team was organized the fact of the "Originals" and "Maryland" club having a victory to their credit, leaves next Sunday's result very much in doubt. The sailors are confident, however, of their ability to trim the Oaklanders, encouraged by their showing last Sunday in Vallejo.

The "Originals" however, it can be said that they did not have their full strength in the last game. Sunday's Western Dave McFarland was out of the game altogether and Ince was decidedly off standard.

The game is to be called promptly at 2:30 p. m. next Sunday at the Grove street park. The game will be officiated by umpire. Reservations are pouring in from all directions for accommodations at the game.

The sailors will come down from Mare Island in a special chartered boat. They will carry about 500 fans from Mare Island and Vallejo.

They have promised without fail to bring their famous marine band with them. This will be quite an added attraction to the interest of the game, as these sailor bands sure can harmonize.

SUGGESTS FOOTBALL RULE. PRINCETON, N. J., Feb. 7.—(P. H. Davis, Princeton's representative on the football rules committee, will advocate at the coming meeting of that body the adoption of a rule requiring members of football teams to wear numbers. Mr. Davis also will recommend that goal posts be removed from the field of play and set on the rear line of the zone behind the goal line.

400,000 MOTOR BOATS. NEW YORK, Feb. 7.—Returns from a census recently taken by motor boat interests are said to show that there are more than 400,000 motor craft of all sorts and sizes in use for work and play on the waterways of the United States. The count is said to be the first thorough one since the motor boat came into general use with the perfection of marine engines ten years ago.

CAPTAIN STEINBACH OF THE ORIGINALS.

CANCELLATION OF BOUT SEEMS TO HELP JOE MANDOT'S HEALTH

NEW ORLEANS, Feb. 7.—Joe Mandot does not appear very sick. His illness, according to his relatives, is due to the fact that he took on five pounds in Memphis Turkish bath establishment last Monday in order to make 133 pounds for Mickey Sheridan.

Rushing from the bath to the arena, it is said that Mandot contracted a severe cold, which has developed into an attack of la grippe, inquiry at Mandot's home tonight brought information that he was much improved.

OVERALL REQUEST IS SENT TO RULING BODY

CHICAGO, Feb. 7.—The application of Overall, former pitcher for the Chicago National League Club, for reinstatement, it was learned here last night, has been received at the headquarters of the National Commission in Cincinnati. Overall refused to report to the club in the spring of 1911, saying that he had signed with baseball President Ban Johnson of the American League and member of the National Commission, would not predict last night what would be the outcome of Overall's appeal or when it would be acted upon.

GOLF BID FROM FRANCE. PARIS, Feb. 7.—An official invitation to the Association of Golf Clubs of the United States to send four professionals to play against four French professionals on the golf links at Le Boule from June 27 to July 1, this year, was forwarded today by Pierre Deschamps, president of the golf club of Paris.

"RAH FOR HARRISON!" CHICAGO, Feb. 7.—Mayor Harrison today proposed a proposed wrestling match between Stanislaus Zbyzsko and George Lurich, Russian wrestler, in a lecture at the Goch-Hackenschmidt match at the Labor Day swindle at White Sox Park in 1911.

LONG-DISTANCE PHONE USED TO CLINCH BIG MATCH

George Kirkwood and Johnny Kibane to Meet in New York.

By BILLY FITZ.

There is a strong probability, after all, that Ad Wolgast and Harlem Tommy Murphy will be seen in action on the afternoon of Washington's birthday at Daly City.

Promoter Jimmy Coffroth of San Francisco talked to Wolgast this morning in Portland over the long distance telephone, and afterwards made the announcement that Wolgast would appear in place of Joe Mandot. This news was placed upon the wire at once and flashed over the country.

Immediately there came back a dispatch from Portland quoting Wolgast as declaring that he had not definitely agreed to Coffroth's proposition, but had referred the matter to his manager Tom Jones, who is now in Chicago. Telegrams are this afternoon showing from San Francisco, Portland and Chicago in a desperate effort to close the match. Coffroth is confident that Wolgast will appear and said so this morning. He declined, however, to make public the terms. The last proposition to Wolgast for \$7500 was met by a counter proposition from the fighter of \$8500 or an option on fifty per cent of the receipts. Then came the long distance telephone and the announcement from Coffroth that the match was on.

Wolgast said he weighed 134 pounds and would have no difficulty in making the weight on the 22nd.

Jim Buckley announced this morning that his protégé George Kirkwood had signed to meet Champion Johnny Kibane in New York for ten rounds on February 14.

Del Howard Secures Job as Scout for Cubs

CHICAGO, Feb. 7.—Del Howard, one of the leading batters in the Pacific Coast League, has been engaged as scout for the Chicago National League Club in the far west, according to an announcement made here today. Howard, formerly was a member of the Chicago Nationals, stopped over in Chicago today to complete arrangements for his services as a scout on his way back to his home at Kennerly, Ill., to San Francisco.

GALLERY GODS WILL BE WITH M'FARLAND TONIGHT

Popular Tommy Picked to Administer Thrashing to Red Watson

By THE TIMEKEEPER.

BULLETIN. PORTLAND, Ore., Feb. 7.—If James Coffroth of San Francisco will guarantee Ad Wolgast, former lightweight champion, \$8500, with the privilege of 50 per cent of the gate receipts, win, lose or draw, the Cadillac boxer will meet Harlem Tommy Murphy of New York at San Francisco on February 22. This is the latest ultimatum issued by Wolgast after receiving a telegram from Coffroth raising the original offer of \$6500 to \$7500.

Tommy McFarland is quite serenely confident of his ability to administer an artistic thrashing to Red Watson and thus retain his newly acquired title of four-round king. Charlie Cleaver, his manager, is equally confident in his own chances, and Cleaver usually knows enough not to throw his money away.

The McFarland-Watson bout will be the feature bout tonight at Dreamland pavilion, with nine other good bouts slated by Promoter Dan Curran. McFarland has already won four bouts, and has managed to shade him each time, but the last bout was more even than the one before and he is feeling responsible. The chubby red head may be improving more than he is given credit for. At all events there are two rough and ready fighters and that is usually what the four-round fans are looking for.

The gallery boys have been after Watson's wife all night, under the belief that the Auburn headed youth has developed a Zeppelin inflation of his headpiece and that it usually what the four-round fans are looking for.

McFarland is only 19 years of age he has been in fifty contests and has been beaten by only two boys, Bud Anderson and Willie Ritchie. Label beat McFarland once, but Tommy wiped out that defeat at their next meeting.

Quite a crowd from Oakland will cross the bay tonight to see the card. Eddie Hanlon and Harry Foley will act as referees.

Supplying Press Staff. Quest stunts are being featured in the Campi and Williams training camp down south these days. Tim McGrath, the old fox of the ring, responsible for the old fox of the ring, is putting out over any new wrinkle that will distract attention from the Campi training camp. When McGrath heard that Harris was making Williams a fool to protect his ears and head from the various blows of training partners he sat down and studied out something new to startle the fans. Then he had a pair of ladder set made for Eddie Campi to wear during his boxing bouts and placed one on each foot. "That will weight him down a bit and make it more difficult for him to dance about the ring," said McGrath. "Consequently, when he gets into the ring with Williams, without his lead shoes on his feet, he will be so light on his feet and so fast that Williams will not drink down him." So tell Harris to get something new.

Reichel Wants Chance. Among the dozen of while, undergarments received yesterday by Coffroth was one from Larry Reichel, who offered Steve Ketchell as a worthy substitute for Joe Mandot. Reichel couldn't see that pass. Litchenstein's boy has

INTRODUCING A NEW OAK---GEO. SCHIRM

This is the new outfielder who is picked as the most likely successor to Claire Patterson in right field. He batted .325 for the Buffalo club last year, and is said to be as fast on the sacks as Bill Leard. Hughie Miller, Sacramento's first baseman, who has seen Schirm play, picks him as a wonder.

COLLEGE SCHEDULE IS ARRANGED FOR THE 1913 OAKS

Will Meet St. Mary's, California and Santa Clara as Part of Training.

By BILLY FITZ.

A tentative collegiate schedule has been arranged by the management of the Oakland ball club, Leader Mitze being convinced that the "pep" shown by the ambitious youngsters is an excellent means of banishing winter laziness on the part of the more seasoned ball players.

Therefore, right after the Oaks have gotten through battling with the big leaguers, Mitze will take half of his squad of 25 men to Berkeley and play Coach Schaeffer's nine, Saturday afternoon, March 22. Other dates on the schedule are:

March 23, Livermore club at Livermore.

March 24 (p. m.) St. Mary's, Grove street park.

March 25 (p. m.) St. Mary's, Grove street park.

March 26 (p. m.) St. Mary's, Grove street park.

March 27 and March 28 will see doubleheaders. The Oaks meeting the Sox in the morning and the college boys in the afternoon. While the first squad of players will be playing at Livermore, the second squad will be playing at the training camp in town.

March 29, the opening Sunday in town, the Oaks will see the champions, the training camp will see the team in action against the town club, who will be probably helped out by recruits from the training staff of the champions. A special train will take several hundred fans to the training camp that day to welcome the boys.

SANTA CLARA ALSO. Santa Clara college will also be given a place in the collegiate schedule, the same as last year. Nick Williams wrote to Leavitt yesterday, asking for a game in behalf of his College of the Northwest. Williams will have to take a mid-week date, if at all, as the Saturdays and Sundays have all been disposed of between the college teams and the two squads of Chicago players.

It is expected that all games will be played on the college-street ball grounds, which are still under the lease of the Coast league and which would be used in the event of the proposed minor league materializing. The Oaks of the new grounds will be given right up to the very last moment to take firm root without interference, and it is probable that few players will get a chance to feel the turf under their spikes until the opening day of the season, April 1.

President Leavitt does not seem to be very excited over the invitation from Al Baum to take a hand in the formation of the class C D league. Baum tried to reach Leavitt on the telephone several times yesterday, but latter was out of his office and at the ball grounds, a matter in which he seems the most interested.

ORONAMENTAL, BUT— There is a dispute as to the part of the Oakland magnates to regard the baby league as more ornamental than useful and an experimental matter. It is pointed out that the baby league would prevent the local club from carrying in such a league such men as Jose Rodon, Guy Abbott, Vince and Gus Gardner, etc. The most that could be done would be to pick up a bunch of promising young ball players who would agree to play for the glory line of the club and to take a chance on one or two of them developing every year into useful members of the class A.A. team.

Leavitt and Jack Cook prefer to draw their own lines as to the ranks of the seasoned ball players in other leagues whose records can be obtained and on whom more or less accurate lines can be secured. For this reason they cannot see the practicability of the baby league. However, Leavitt has expressed a willingness to let it over at any time and he will probably meet Baum and Ewing either today or tomorrow to discuss the matter. It is possible that in the event that Oakland makes the local franchise, Ewing might undertake to carry a team here under an Oakland name, leaving Ed Miller and Ben Berry to care for the franchises in Fresno and Stockton.

THEY'RE AT IT AGAIN. Unable to stand it any longer, Carl Mitze, club manager, and went out with Gus Hettling to the Grove street ball park. There they were joined by Bill Leard and Dolly Gray, the Vermont twinner. The quartet succeeded in limbering up a bit, for the weather was ideal.

Under the old Aunting LIVE COMMENT AND GOSSIP

BY "BILLY FITZ"

Wolverton was asked today whether he would play the field or the bench. He replied:

"I'll be the field captain, besides the manager, and will appear each day in a baseball suit, but will play only when the crowd demands. My legs are not as bad as they used to be, but I am not afraid to say that I can hit as well as ever, and will drop into line whenever a pinch hit will bring in a run."

Coach Eddie Burns of St. Mary's College is well satisfied with the way his baseball players are rounding into form. Second baseman Collins, who was out of the game for several days ago sprained his finger by being struck by a foul tip, is in condition again for service, the injured member being completely healed. Coacher has recovered from his attack of mumps. Riordan has a good understanding in R. Mooy, who it is expected will soon be a world beater.

In less than a month now the baseball reporters will be earning their salaries. Sixteen more days to training camp and only 28 till the first game with the White Sox.

Quite a laugh on J. Cal Ewing, boss of the Seals, he got a letter yesterday from Second baseman Collins, who was out of the game for several days ago sprained his finger by being struck by a foul tip, is in condition again for service, the injured member being completely healed. Coacher has recovered from his attack of mumps. Riordan has a good understanding in R. Mooy, who it is expected will soon be a world beater.

Hogan could not, or at least did not, hit his old time stride during the entire season.

HOGAN BEATEN AGAIN. NEW YORK, Feb. 7.—Johnny Lora had the best of it in his bout with One Round Hogan at the Forty-fourth street sporting club. It was not the old time Hogan, however, that Lora fought. The Pacific coast chap lacked the dash, aggressiveness and cleverness that marked his work in the ring a couple of years ago.

Hogan could not, or at least did not, hit his old time stride during the entire season.

It Pays to Buy A Good Piano

¶ Cheap prices and special inducements should not influence the Piano buyer. If the buyer understands the manufacture of Pianos, he is capable of a thorough determination of the merits of the makes offered. But if he is not (and the majority do not possess this expert knowledge) his satisfaction lies in the selection of a REPUTABLE HOUSE—which will not misrepresent and which does not carry "trash"—but a HOUSE which tells the truth, prices its pianos consistently and which really believes in selling good Pianos.

¶ We carry all grades of Pianos from \$250 to \$2300—but only makes in which we have confidence and which we can recommend:

Pianos From \$250 to \$350

Several makes which are positively the best Pianos manufactured to sell at these prices—the lowest prices at which good, dependable Pianos can be sold.

Pianos From \$365 to \$450

Such makes as the KURTSMANN, ESTEY and EMERSON, which are affectionately known in thousands of homes.

Pianos From \$465 Upward

Several makes of superior musical worth such as the MEHLIN, A. B. CHASE, SHERMAN, CLAY & CO.

Pianos From \$575 Upward

The STEINWAY—the world standard, by which all Pianos are measured.

¶ It is our hope that all true music lovers will some day own a STEINWAY. We will sell you any of our low or medium priced Pianos now and agree to take it back any time within three years, allowing you the full purchase price toward a new STEINWAY.

¶ Moderate terms on any Piano, even the STEINWAY.

CELEBRITIES TO FORM NEW WALKING CLUB

NEW YORK, Feb. 7.—Louis Windmiller, 78 years old, but as enthusiastic a pedestrian as can be found almost anywhere, is busily organizing a walking club, which already has a prospect of distinguished membership. An agreement drawn up by Joseph

H. Choate, who is another walker, has been sent around, and Mayor Gaynor, John E. Parsons, William B. Hornblower, Surrogate Fowler, President Finley of the City college, Jacob H. Schiff and Andrew Carnegie will join.

The plan is to have regular meetings, dinners and, above all, walks about Manhattan island and the country districts.

AUTO SHOWS GAIN IN PUBLIC FAVOR

Calvin C. Eib Returns From
East Aglow With Motor
Car Gossip.

(By EDMUND CRINNION.)

That the New York automobile show just closed was the largest and most successful automobile show ever held was the statement made this morning by Calvin Eib of the Pioneer Automobile Company, who just returned home from his annual visit to the Chalmers factory and the New York and Chicago shows.

Eib claims that thousands of people attended the show and that they were all enthusiastic buyers. He says:

"I saw some of the most beautiful creations of the body builder's art. The special jobs turned out by some of the factories for exhibition at Madison Square Garden were dreams. But while these magnificent limousines attracted an immense amount of attention because of their richness and luxury, the real interest centered about the medium and low priced cars. It was these that appealed to the great mass of the people who attended. These were the cars within the reach of the average man's purse, and it was on these that the money was spent."

"The electric motor truck was the most striking feature of the national motor truck show in New York."

"The exhibit was wonderful. It took one of the largest buildings in New York to accommodate those who wished to display the product of their factory, and believe me we do not realize it but the electric truck is coming to the front."

"It has been conceded by many that the electric truck has high efficiency in level sections, but I talked to many who had come from the west, where hills and mountains predominate, and I learned from them that the electric vehicle truck is making a name for itself."

"This is forcibly seen in Kansas City."

"During the pleasure car show thirty-nine Chalmers were sold at retail at the show. This is three times as great as any other show has produced. There was considerable rivalry among the salesmen, as a handsome gold watch had been offered to the salesman with the best record. This was won by one of the men who sold twelve cars."

"My visit to the Chalmers factory was most interesting. The most striking feature of the wonderful system to be seen there is the close scrutiny that is given every car in construction. There is about one inspector to every twelve workmen, who merely walks around keeping a watchful eye over the work. When completed it goes to a clearing house and is there again inspected before it is turned over to another department. This system is followed out until the car is ready for shipment, when it has to pass the final clearing house and the chief inspector."

"The Chalmers factory will turn out this season somewhere in the neighborhood of 8000 cars, and the demand at the present time is so great that a night shift is employed."

SUHR GETS LIMOUSINE.

Even though spring almost is at hand there is still plenty of demand for closed cars. They have become so thoroughly a part of city life that any man who can afford one adds one of these luxurious machines to his "stable."

H. Fred Suhr Jr. of San Francisco is one of the latest to become a closed car owner. The sale to him of a Haynes limousine was reported yesterday by the Haynes Auto Sales Company.

MORE POPE FIRE FIGHTERS.

In line with this advance in municipal equipment is the report from the cities of the Santa Clara and San Joaquin valleys. Pope-Hartford fire fighting apparatus will be delivered by the Consolidated Motor Car Company of San Francisco to San Jose and Modesto within the next week. Each city is to get a huge double combination chemical engine and hose wagon, the type of machine which has been found most successful for all purposes.

LYONS VISITS MCCOY.

Phil Lyons, secretary of the Chalmers and Lyon Motor Company, arrived in San Francisco this week for a conference with General Manager Henry D. McCoy and W. A. Avery, manager of the Portland branch.

The conference was held to discuss a vigorous campaign that the company is about to start in behalf of Lee tires, for which they are the coast representatives.

The consolidation of the branch into one head in San Francisco has greatly facilitated the operations of the company.

A REAL CURE FOR GAS IN YOUR STOMACH

The presence of gas in your stomach is what the physicians call nervous dyspepsia, and is not always brought about by over-eating or eating indigestible food. It is caused by nervousness, worry, fright, grief or any sort of nerve tension. Peppin, charcoal, soda, etc., are valueless in this form of dyspepsia, except for temporary relief.

The real cure consists in quieting the nervous stomach, and the only known for this today is BAALMANN'S GAS TABLETS. These peculiar tablets calm the nerve center of the stomach, prevent the formation of gas, bloating and gas-pressure around the heart.

BAALMANN'S GAS TABLETS tone your stomach and promote the process of digestion in a natural way. Just begin today to treat and cure that nervous stomach of yours. All druggists sell BAALMANN'S GAS TABLETS for 50c, but be careful and insist on getting the genuine in a blue package.

For a free trial package send to J. Baalman Co., 375 Sutter, San Francisco. —Advertisement—
